

☀️ *This is our last 'Diginews' for the academic year.  
We hope you have a lovely summer holiday.  
See you in September!*

## OUR ONLINE SAFETY CURRICULUM

**Term 6: Our online safety theme this term is  
'Managing Online Information.'**

The children have been learning strategies for effective searching,  
critical evaluation, and ethical publishing.  
Find out what your child know.

ProjectEvolve

To support your child, could you...

- Check their device settings before the Summer holidays begin.
- Remind them of questioning what they see- Is it 'fake news' or 'real'?
- Do they know what to do if they see something that makes them feel uncomfortable online? Who do they tell  
How do they report it on an app/ online?  
What information is Ok to share and not ok?

**This term, we are focusing on our '4Rs'**

Talk to your child about what they think these represent.  
What do they know?

The National College has some useful tips for you...

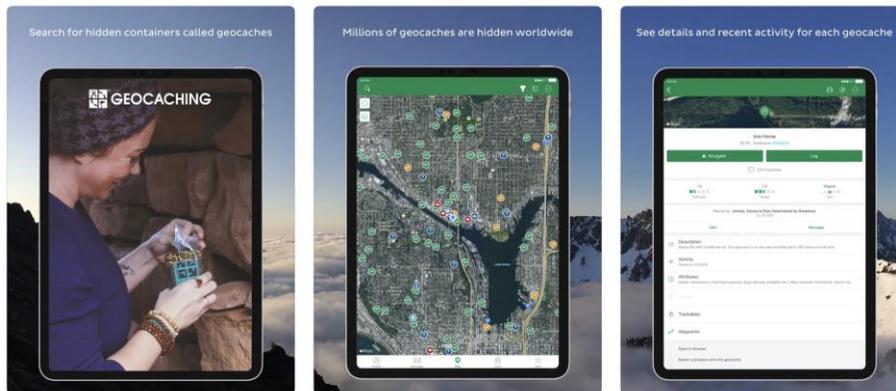

## SUMMER ACTIVITIES!

## Have you tried GeoCaching?

Its fun and free plus its an activity outside in the fresh air that will keep your whole family active! Just download the free app and begin your adventure...

<https://www.geocaching.com/play>

Good app ideas to keep the children busy...engaged and outdoors, problem-solving, develop academic skills...
