2.0	September 2026	7-8	Incorporates new guidance on: Safer eating Safer sleeping Screen time	

Section 1 – Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them the broad range of knowledge and skills needed for good progress through school and life.
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind.
- A close working partnership between staff and parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice.

Our TWHF Core Commitments: What Matters Most

At Gagle Brook Primary School and The White Horse Federation, we are united by a shared ambition: The Best Start in Life. Our eight EYFS Core Commitments are embedded to ensure that every child receives an equitable, high-quality early years offer. These commitments are not just statements; they are lived values that shape our daily practice and long-term vision.

Our Core Commitments:

1. A Nurturing, Inclusive Environment with a Strong Sense of Belonging
2. Exceptional Teaching, High-Quality CPD, and Meaningful Interactions
3. Oracy and Language-Rich Environments
4. Immersive Literacy and Numeracy: Books, Rhymes, Number and Storytelling
5. Child-Centered, Play-Based Learning
6. Equity for All Groups of Learners
7. Personal Development and Positive Behaviour Foundations

8. Strong Parent and Carer Partnerships

Across our school, we ensure that:

- Quality talk and meaningful discussion permeate every learning environment.
- Children are immersed in language-rich, playful experiences that support their communication, thinking, and creativity.
- A strong sense of belonging and community is nurtured—for both children and their families—so that every child feels safe, valued, and ready to thrive.
- Our staff team are empowered through high-quality CPD and collaboration, ensuring consistency and excellence in teaching and care.
- We foster equity, inclusion, and aspiration, giving every child the very best start in life.

Section 2 – Legislation

This policy is based on requirements set out in the [statutory framework for the Early Years Foundation Stage \(EYFS\)](#) for 2026.

Section 3 – Structure of the EYFS

At the White Horse Federation, we have children from 2-5 years of age across our Early Years.

At Gagle Brook Primary School our EYFS setting is for children who are 3 years old up to 5 years old. The Gagle Brook Nursery provision is available for 3 to 4-year-olds and provided by a team of experienced carers and educators.

We offer two options:

15 Hours: Monday - Friday 8:45am - 11:45am (Mornings only)

30 Hours: Monday - Thursday 8:45am - 3:15pm & Friday 8:45am - 2:00pm (Full days)

We do not offer combinations of sessions or ad hoc bookings.

At Gagle Brook Nursery, we are delighted to be able to offer 15 hours and 30 hours funded childcare to 3 and 4-year-olds. We understand the financial impact nursery can have on families, so we are pleased that the parents of children attending our nursery have access to support funding.

For parents who are entitled to 15 hours' funding but are unable to claim 30 hours' funding, we are pleased to offer paid-for sessions. The sessions cost £18 subject to availability (a session is an afternoon).

Nursery children are able to select meals provided by the school at lunchtime for an additional cost or they are welcome to bring a packed lunch.

Please note, our wrap around care provider, High Flyers do not offer Breakfast and After School Club for Nursery children.

At the age 4 children then join our Reception Class. We have one Reception class at Gagle Brook Primary School where children are in school full time. Children come into school at 8:30am and go home at 3:15pm Monday to Thursday. Friday school hours are 8:30am until 2pm.

Reception children are able to select meals provided by the school at lunchtime or they are welcome to bring a packed lunch from lunch. All children are also provided with milk and a healthy snack in school daily.

Please note, our wrap around care provider, High Flyers do offer Breakfast and After School Club for Reception children if it is needed.

Section 4 – Curriculum

4.1 EYFS Framework

Our early years follows the curriculum as outlined in the latest EYFS statutory framework, alongside our TWHF Early Years Common Curriculum.

The EYFS framework includes 7 areas of learning and development that are equally important and inter-connected. Three areas, known as the prime areas, are seen as particularly important for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

The prime areas are strengthened and developed, and children's curiosity and enthusiasm are ignited, through 4 specific areas:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

Each area of learning and development is implemented through planned, purposeful play, and through a mix of adult-led and child-initiated activities.

4.2 TWHF ENRich Curriculum

At The White Horse Federation, we are committed to giving every child the best start in life. Our Early Years follows the TWHF ENRich curriculum from the age of 2-5. This ensures a consistent, high-quality offer across all our settings.

Language, Oracy and Literacy

We use the Talk for Writing approach across all EYFS age groups. This method supports children in developing their spoken language skills by encouraging them to orally rehearse sentences before writing them. Through this process, children build confidence, fluency, and a deeper understanding of sentence structure.

Each term, children are immersed in a carefully curated selection of high-quality texts. These include a mix of traditional tales and well-loved children's classics. The chosen texts are not only engaging but also rich in vocabulary and storytelling techniques, helping to foster a genuine love of reading and storytelling.

Our curriculum is intentionally designed to be language-rich, ensuring that children are surrounded by meaningful vocabulary and expressive language throughout their day. This immersive environment helps to break down barriers to learning, enabling all children to access the curriculum and achieve well.

Phonics

Children follow their SSP in phonics, and the love of reading is further developed through the core text immersion, as well as book guides to help teachers reflect on key questions and tier 2 vocabulary when reading with their class. This approach ensures that children develop from the EYFS as confident emerging readers.

At Gagle Brook Primary School we follow the Little Wandle Phonics Scheme to support our children with their phonic knowledge. This enables children to start using sounds to support word building within reading and writing. The children begin to associate sounds with patterns in rhymes, with syllables, and with words and letters and they recognise their own names and some familiar words. Reception children at Gagle Brook take part in a daily Little Wandle session. The Nursery children enjoy a nursery rhyme focus as well as daily story times, creating story, rhyme times, music sessions and fun sound games to support them in hearing sounds in their environment.

Mathematics

We follow our TWHF ENRich EYFS maths curriculum, ensuring children have a strong foundational knowledge of maths.

This is delivered through taught sessions and a number-rich learning environment where children can grow and develop their mathematical understanding.

Play Progressions

TWHF Play progressions have been produced to support effective play in the following 9 areas:

1. Small world
2. Construction
3. Role play
4. Malleable
5. Sand play
6. Water play
7. Mud kitchen play
8. Fine motor skills play
9. Stage, performance and drama

These are carefully constructed to take into account oracy, problem solving and language, alongside a child's level of play.

4.3 Planning

We use carefully considered and well sequenced TWHF planning for:

- T4W
- Maths
- Continuous Provision Plans
- Book talk
- Play Progressions

TWHF continuous provision plans are carefully mapped out to enrich the stories and tales while still developing our children in all areas.

Our EYFS team also take into account the individual needs, interests, and stage of development of each child in their care and use this information to plan a challenging and enjoyable experience. It is important that teachers use their baseline knowledge to also purposefully plan their provision to bridge any gaps and so that all children achieve well.

Enhanced provision is always inviting and stimulating, and carefully and well planned to support the needs or interests of the learners.

Where a child may have a special educational need or disability (SEND), staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding children's activities, staff reflect on the different ways that children learn and include these in their practice.

4.3 Teaching

Each area of learning and development is implemented through planned, purposeful play, and through a mix of adult-led and child-initiated activities. Staff respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

At Gagle Brook we recognise the environment plays a key role in supporting and extending the children's development. The indoor and outdoor areas are well organised to allow children to explore and learn securely and safely. There are areas where the children can be active and can be quiet. The environments are set up into learning areas where children are able to find and locate resources and equipment independently. Our learning environments operate a free flow system whereby the children can choose which area

of the environment they would like to explore. This is around the adult led activities that take place throughout the day at various times.

The outdoor part of the environment has a positive effect on the children's development and at Gagle Brook Primary School, we see it as an integral part of the children's learning. It acts as an extension to the indoor environment, allowing the children to be physically active and encourages the use of their senses. The outdoor area for both Reception and Nursery has been developed to allow children to progress in their physical development and to support all aspects of the Characteristics of Effective Learning.

As the children grow older, and as their development allows, the balance gradually shifts towards more adult-led activities to help the children prepare for more formal learning, ready for year 1.

Section 5 – Assessment

Throughout the year the Nursery and Reception team will carry out observations of children and record their observations and take photos using Tapestry. This along with pieces of work and creations the children have produced contributes to the child's Learning Journey. Parents are able to log in to their child's account and see the wonderful things they have been doing in school. Children's development will be recorded on Arbor throughout the year and discussions held within school to ensure all children meet their full potential. In the final term we write a report to parents. Along with a personal comment, this will state their progress against the Early Learning Goals and the child's Characteristics of Effective Learning.

At The White Horse Federation, we use ongoing assessment as an integral part of the learning and development processes. Staff observe pupils to identify their level of achievement, interests and learning styles. These observations are used to shape future planning.

Staff also take into account observations shared by parents and/or carers.

Nursery: In Nursery, we observe children to help us make judgements on the children's progress. This also helps us plan to support and enhance the children's development. All children in our Nursery are assessed using WELLCOMM. This helps us screen a child's language development and enables us to give targeted support if required.

Reception: When children begin Reception the class teacher will carry out the Government's Reception Baseline Assessment. Along with this information the teachers meet the children in their nursery setting or home and again during school induction visits and stay and play sessions. Within the first 6 weeks that a child starts reception, staff will administer the reception baseline assessment (RBA).

We also complete our own TWHF baseline to support us understanding the needs of the children and help us plan purposeful provision. In addition, all children will have a WELLCOMM assessment when they start in Reception so we can identify any gaps in speech and language.

At the end of the EYFS, staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development
- Not yet reaching expected levels (emerging')

The profile reflects ongoing observations, and discussions with parents and/or carers. The school shares the results of each child's assessment with their parents and/or carers.

The profile is moderated internally (referring to the Development Matters [guidance](#)) and in partnership with TWHF schools, to ensure consistent assessment judgements. EYFS profile data is submitted to the local authority.

Section 6 – Working with parents and carers

We recognise that parents/carers are children's first and enduring educators and we value the contribution they make. We appreciate the role that parents have played and their future role in educating the children.

We do this through:

- Talking to parents about their child before they start school by completing a home visit.
- Giving children have the opportunity to come into Nursery and Reception to spend time in the environment and get to know the staff along with their parents.
- Children are invited to a transition morning for a stay and play session in the summer term before starting school or Nursery.
- Inviting all parents to an induction meeting during the term before they start school in Reception.
- Encouraging parents to access their child's online Learning Journey.
- We hold Parents Evening throughout the year to discuss progress.

We recognise that children learn and develop well when there's a strong partnership between staff and parents and/or carers. This is why it is one of our TWHF Core Commitments for Early Years.

Parents and/or carers are kept up to date with their child's progress and development. The progress check and EYFS profile helps to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

In Nursery, each child is assigned a key person who helps to ensure that their learning and care is tailored to meet their needs. The key person supports parents and/or carers in guiding their child's development at home. The key person also helps families to engage with more specialist support, if appropriate.

Section 7 – Safeguarding and welfare procedures

We recognise that children learn best when they are healthy, safe and secure, when their individual needs are met and when they have positive relationships with the adults caring for them. We follow safeguarding and welfare requirements to provide a welcoming, safe and stimulating environment where children are able to enjoy learning and grow in confidence.

We follow Keeping Children Safe in Education (KCSIE), the current Early Years Foundation Stage (EYFS) statutory framework and all associated safeguarding and welfare requirements, including safer recruitment, paediatric first aid, safer eating, safer sleep and appropriate screen use guidance.

We make sure that the appropriate statutory staff: child ratios are maintained in our setting to meet the needs of all children and ensure their safety:

- For children aged 3 and over: Where a person with Qualified Teacher Status, Early Years Professional Status, or Early Years Teacher Status is working directly with the children, we have at least 1 member of staff for every 13 children
- Where a person with the above qualifications is not working directly with the children, we have at least 1 member of staff for every 8 children

In our Reception class:

- We comply with infant class size legislation and have at least 1 teacher per 30 pupils

When recruiting staff, we will follow the procedures set out in the latest EYFS framework guidance on checking the suitability of new recruits and recording information about staff qualifications and identity checks, vetting processes and references.

We have at least 1 person with a current paediatric first aid (PFA) certificate on the premises and available at all times when children are present, including on outings.

This PFA certificate is renewed every 3 years as required.

In addition, trainees, apprentices and students will hold a Level 2 Paediatric First Aid (PFA) certificate in order to be included in staff-to-child ratios, in line with EYFS statutory requirements.

We also have a designated lead practitioner who is responsible for safeguarding children. They are also responsible for:

- Liaising with local statutory children's services agencies, and with the LSP (local safeguarding partners)

- Providing support, advice and guidance to any other staff on an ongoing basis, and on any specific safeguarding issue as required
- Attending a child protection training course that enables them to identify, understand and respond appropriately to signs of possible abuse and neglect

All practitioners are alert to any issues of concern in children's life at home or elsewhere.

7.1 Safer Eating

We recognise that mealtimes, snacks and drinks are important learning and social opportunities, but also require careful supervision to ensure children's safety.

To promote safer eating, we will:

- Ensure that a member of staff holding a current Paediatric First Aid (PFA) certificate is present whenever children are eating.
- Obtain information from parents and carers about children's dietary requirements, allergies, intolerances and medical needs before admission and keep this information up to date.
- Ensure all staff are aware of children's dietary needs and are able to respond appropriately to allergy-related incidents.
- Maintain individual allergy or dietary management plans where required.
- Provide food and drink that is prepared, served and presented safely and appropriately for the age and developmental stage of each child.
- Ensure children are seated safely and supervised at all times whilst eating and drinking.
- Minimise distractions during mealtimes so that staff can closely observe children and support safe eating practices.
- Follow current Department for Education nutrition guidance and food safety recommendations.

7.2 Safer Sleep

We are committed to providing a safe sleeping environment for all children who require rest or sleep during the school day.

Where children sleep within our provision, we will:

- Work in partnership with parents and carers to understand each child's sleep needs and routines.
- Ensure sleeping arrangements are safe, suitable and developmentally appropriate.
- Carry out regular checks of sleeping children and maintain appropriate supervision at all times.
- Follow current safer sleep guidance, including guidance from The Lullaby Trust and the EYFS statutory framework.
- Ensure sleep spaces are free from hazards and that children are placed to sleep in accordance with current safer sleep recommendations relevant to their age and stage of development.
- Record and share any significant concerns regarding a child's sleep pattern, health or wellbeing with parents and carers and, where appropriate, relevant professionals.

7.3 Screen Use and Digital Technology

We recognise that technology can enhance learning when used appropriately; however, screen use in the early years should be purposeful, developmentally appropriate and carefully managed.

Therefore, we will:

- Ensure screen use supports learning, communication, creativity and development rather than replacing high-quality adult interaction, play and exploration.
- Limit children's exposure to screens and avoid excessive or passive use.
- Ensure digital technology is used safely and under adult supervision.
- Consider children's age, developmental needs and wellbeing when planning activities involving screens.
- Work with parents and carers to promote healthy approaches to screen use both in school and at home.
- Regularly review our practice in line with current EYFS guidance and recommendations relating to children's health, wellbeing and development.

7.4 Oral health and tooth brushing

We promote good oral health, as well as good health in general, in the early years by talking to children about:

- The effects of eating too many sweet things.
- The importance of brushing your teeth.

The rest of our safeguarding and welfare procedures are outlined in our school's child protection and safeguarding policy, which can be found here [Safeguarding | Gagle Brook Primary School](#)

Section 8 – Monitoring arrangements

This policy will be reviewed and approved by Lisa Davies, Executive Headteacher every two years.

This policy will also be reviewed accordingly by the school's headteacher and EYFS Lead.

At every review, the policy will be shared with the school's governing board.

Appendix I. List of statutory policies and procedures for the EYFS

This isn't an exhaustive list of policies and only includes policies specific to the EYFS. For a full list of our policies, see [Policies & Procedures | Gagle Brook Primary School](#) on our website.

Statutory policy or procedure for the EYFS	Where can it be found?
Safeguarding policy and procedures	See Child Protection and Safeguarding Policy - website
Procedure for responding to illness	See supporting pupils with medical conditions policy - website
Administering medicines policy	See supporting pupils with medical conditions policy - website
Emergency evacuation procedure	(Not online) see Lockdown, Fire and Invacuation procedures
Procedure for checking the identity of visitors	See Child Protection and Safeguarding Policy - website
Procedures for a parent/carer failing to collect a child and for missing children	See Child Protection and Safeguarding Policy - website
Procedure for dealing with concerns and complaints	See complaints policy - website
Intimate Care	See Intimate Care Policy- website
