

# Teddy's Gagle Brook Adventure

We're off to Nursery!

It was Teddy's first day in Turtles at Gagle Brook Primary School and they were feeling excited but a little bit nervous at the same time. They popped on their smart uniform and picked up their school bag and water bottle and set off for school.

When Teddy arrived at school, they could see lots of other children waiting by the nursery door. They were all smiling and happy. Teddy smiled back!

Some happy teachers were standing at the door and said hello. Teddy held their grown up's hand and went into nursery.

Teddy met some of his new teachers.

They were so happy to see Teddy and looked forward to learning all about their favourite things.

The Nursery was full of fun toys and had lots of pretty fairy lights; there were so many things to do and explore.

Teddy's special grown up stayed until they had settled to an activity. Teddy chose playdough; it smelt amazing – just like orange today. Some children came to sit with Teddy, and they all made cakes together. There were even some special loose parts for them to decorate the cakes with! Teddy and friends then put the cakes they had made into the play oven; the teachers said they looked delicious.

All of the children were asked to come to the carpet where the Turtles all sat together and had a great time.

The adults were so friendly, knew lots of songs and were great at singing!

After carpet time had come to an end, Teddy was very excited because it was learning landscape time! Teddy never knew that learning was so much fun!

After exploring many more areas, Teddy was invited to paint a picture using any colours he wanted too! The painting looked great and the teacher was very proud! Once Teddy had finished painting everyone helped to put everything back where it belonged in the Nursery and outside so it was ready for another amazing day of learning tomorrow.

The morning went so quickly at nursery. Teddy had so many different areas they could visit inside and outside- an art studio, a construction zone, a woodwork area, some water and a whole area with dinosaurs, trains, cars, animals, dolls house furniture and people were kept. There were books everywhere which was great. Turtles, and Teddy loved books!

Teddy was having such a great time, that they nearly forgot to have some snack, but the kind adults reminded them. Teddy has to wash their hands before having some snack.

Before Teddy went to explore outside the new teacher showed them where to go to the toilet and wash their hands and then helped them to put on their coat and to change into their wellies.

Teddy loved climbing and investigating outside.

The teachers showed them all the toys they could play with while outside having fun. Soon it was carpet time. The teachers shook a tambourine and Teddy and their new friends helped to tidy up and to put things back where they belonged.

Carpet time was all about numbers! Teddy and the rest of the Turtles class counted along to songs. Teddy loved going on a number hunt around the classroom.

Show and Tell was great fun!

Teddy told their friends all about their family. The friends talked about their favourite toys and

Teddy said they loved dinosaurs!

The lovely teachers said that it was nearly time to go home. Teddy had missed their family but had also had such a fabulous time and couldn't wait to tell them all about it!

The day in Turtles finished with a sing song and then the children collected their things from their pegs to go home. Teddy sat on the carpet and waited to be called. When the teacher called their name, they waved goodbye to all of the new friends and happily said 'see you tomorrow!'. Teddy's special grownups had come to collect Teddy and they gave them a huge hug!

Teddy told their family all about their time at nursery and after eating some dinner, fell straight to sleep. Teddy's dreams were full of the adventures from their first day at in Turtles at Gagle Brook Nursery.
