1. INTRODUCTION

A Critical Incident is a sudden crisis or emergency involving the school (in or out of school hours) where the effectiveness of the school response is likely to have a significant impact on the community.

Parents trust schools to keep their children safe and staff work hard to ensure that schools are generally a safe haven. However, schools can find themselves in the middle of a crisis with little or no warning – whether this be a natural disaster such as a fire or flood, an accident which leads to the death of a pupil or member of staff or even a violent incident that threatens the lives of a number of pupils and staff.

Thankfully serious incidents are rare but a serious incident can have a long term impact on a school community. School staff will always be at the forefront of any incident that occurs on, or near, school premises and need to know how to ensure the safety of pupils and themselves.

Good crisis management can save lives, prevent a more minor incident escalating to become critical, protect pupils, staff and witnesses, protect property, protect against litigation, safeguard the reputation of the school and assist in any subsequent investigations.

1.1. AIM OF THE BUSINESS CONTINUITY MANAGEMENT PLAN

The aim of the Business Continuity Management Plan is to ensure staff and students are properly protected and prepared, ensure confidence in the school can be maintained and that normal education process can be restored as quickly as possible. It will enable the school to provide a flexible response to:-

- Respond to a disruptive incident (incident management)
- Maintain delivery of critical activities during an incident (business continuity)
- Return to 'business as usual' (recovery and resumption)

1.2. PLAN REMIT

The following school functions are covered by this Plan:

- Teaching
- School administration
- Catering
- Out of hours clubs
- School trips, school journeys and sporting fixtures

The following school premises are covered by this Plan:

- Classrooms
- Playground
- Offices
- Halls
- School Kitchen & Canteen

1.3. PLAN STORAGE

All parties on the distribution list, are required to safely and confidentially store a copy of this plan at their regular place of work and off-site i.e. at home/ in vehicles (if appropriate) / in grab bags. A copy also needs to be kept in a secure location by a partner Reach2 school.

2. PREPARATION AND CONSIDERATIONS

2.1. PREPARING STAFF FOR A CRITICAL INCIDENT

In order to respond to serious and critical incidents effectively and appropriately, preparation is required. All staff must be trained on the content of the incident plan and their specific responsibilities during an incident. An incident drill needs to be planned and carried out at least once during the school year, including a school 'lock down', a test of site access, evacuation exercise etc.

2.2. PREPARING PUPILS FOR A CRITICAL INCIDENT

It is worth giving some thought to how the topics of loss, bereavement, risks/safety and change are covered in the curriculum. Use can be made of the areas of PSHE, citizenship and circle time. Schools where these topics are discussed openly, and treated as normal life events, are likely to find it easier to cope when a difficult or tragic incident occurs.

The Business Continuity Management Plan also needs to be reviewed with pupils and parents to prepare everyone for a possible incident situation. Pupils need to be trained in how to respond in an incident situation. One of the best ways to teach them is through practice/drills:-

- Familiarise pupils with the incident plan and procedures. Remind pupils that it is unlikely we will need to activate the critical incident plan but by practising it we can always be ready just in case.
- Periodically remind pupils of emergency signals and codes so incident situations will be less stressful.
- Remind pupils to remain calm and quiet. Although drills are serious, students should not be frightened.
- Pupils should be reminded that in a lock down situation they are to go to the nearest safe room with a staff member even if that room is not their regular classroom.
- Remind pupils that school is one of the safest places for them to be. It is unlikely that an incident will occur at school but if it does you will be ready.

2.3. ADMINISTRATIVE PROCESSES

Good administrative processes can minimise disruption and speed up access to information in the event of a critical incident:-

- Lists of all pupils and staff with next of kin information held on computer and also in hard copy form, both on the school site and at the evacuation site. This information must be updated termly by the office team.
- Photos of children uploaded on the MIS system and printed out on the emergency contact lists.
- Registers should be completed promptly and accurately in the morning and afternoon. Children taken off site should be signed out in a register which will form part of the emergency pack.
- An effective signing in and out procedure for all staff, visitors and volunteers at the school is essential.

2.4. LA SUPPORT

The Local Authority can provide administrative support, extra communications facilities (including a public helpline if needed), assistance with dealing with the media, alternative accommodation if the school building is unusable, and help with transportation and

procurement. It can also provide legal advice, and welfare support from the education welfare service and educational psychology service.

2.5. ADDITIONAL PREPARATIONS

To ensure the school is as prepared as possible, the following procedures should be considered:-

Information	<ul style="list-style-type: none"> • Shared guidance with staff and consulted with them on plans • Shared guidance with governors and consulted with them on plans
Communication	<ul style="list-style-type: none"> • Parent contact details checked annually and termly reminders to update details if anything changes (school office) • Texting service • Facebook page • Twitter feeds • Parents informed of the existence of the Incident Management plan with summary details
ICT	<ul style="list-style-type: none"> • Development of the school website, to ensure emergency packs of work are available, in case of inability to use the school site. • Remote back-up procedures that can be utilised in the event of major system failure, theft of equipment, closure of the school site or fire/destruction of ICT infrastructure • RAV3 remote access which allows teachers to be able to pick up all planning and files from home so they can plan and get hold of resources from home if needed.

3.0 PLAN ACTIVATION

3.1 CIRCUMSTANCES

This Plan will be activated in response to an incident causing significant disruption to the School, particularly the delivery of key/critical activities. Examples of circumstances triggering activation of this Plan include:

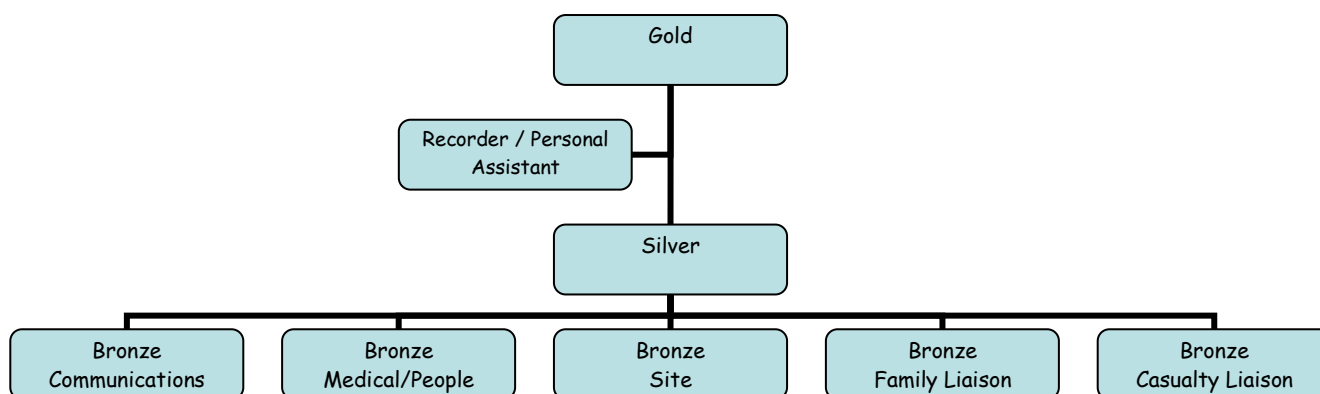

- Loss of key staff or skills e.g. above normal levels of absenteeism due to illness or other scenarios such as severe weather, transport disruption.
- Loss of critical systems e.g. ICT failure, theft, power outage.
- Denial of access, or damage to, facilities e.g. loss of a building through fire or flood or an external emergency with a cordon preventing access to the school.
- A deliberate act of violence or threat of violence such as the use of a knife or firearm, civil disturbances and terrorism.
- Pupils and teacher being kept in the school for long periods of time, for example during a lock down.
- Total or significant IT/data loss or failure or theft of equipment.
- A pupil or teacher being taken hostage/missing person/absconder/an abduction.
- A fatality or a medical situation affecting large numbers of pupils or staff
- Threat of terrorist action or a bomb hoax.
- The death of a pupil or member of staff through natural causes, accidents or criminal action.
- A transport-related accident involving pupils and/or members of staff / Death or injuries on school journeys or excursions.

3.2. ACTIVATION AND INITIAL ACTION

Information about an incident may come from a member of staff, pupil, parent, the emergency services or the Local Authority. Whoever receives the alert should ask for, and if possible record, as much information as possible. They should then immediately inform the Headteacher or the person who has been delegated to perform the “Gold” role in the event of an emergency.

3.3. RESPONSIBILITY FOR PLAN ACTIVATION

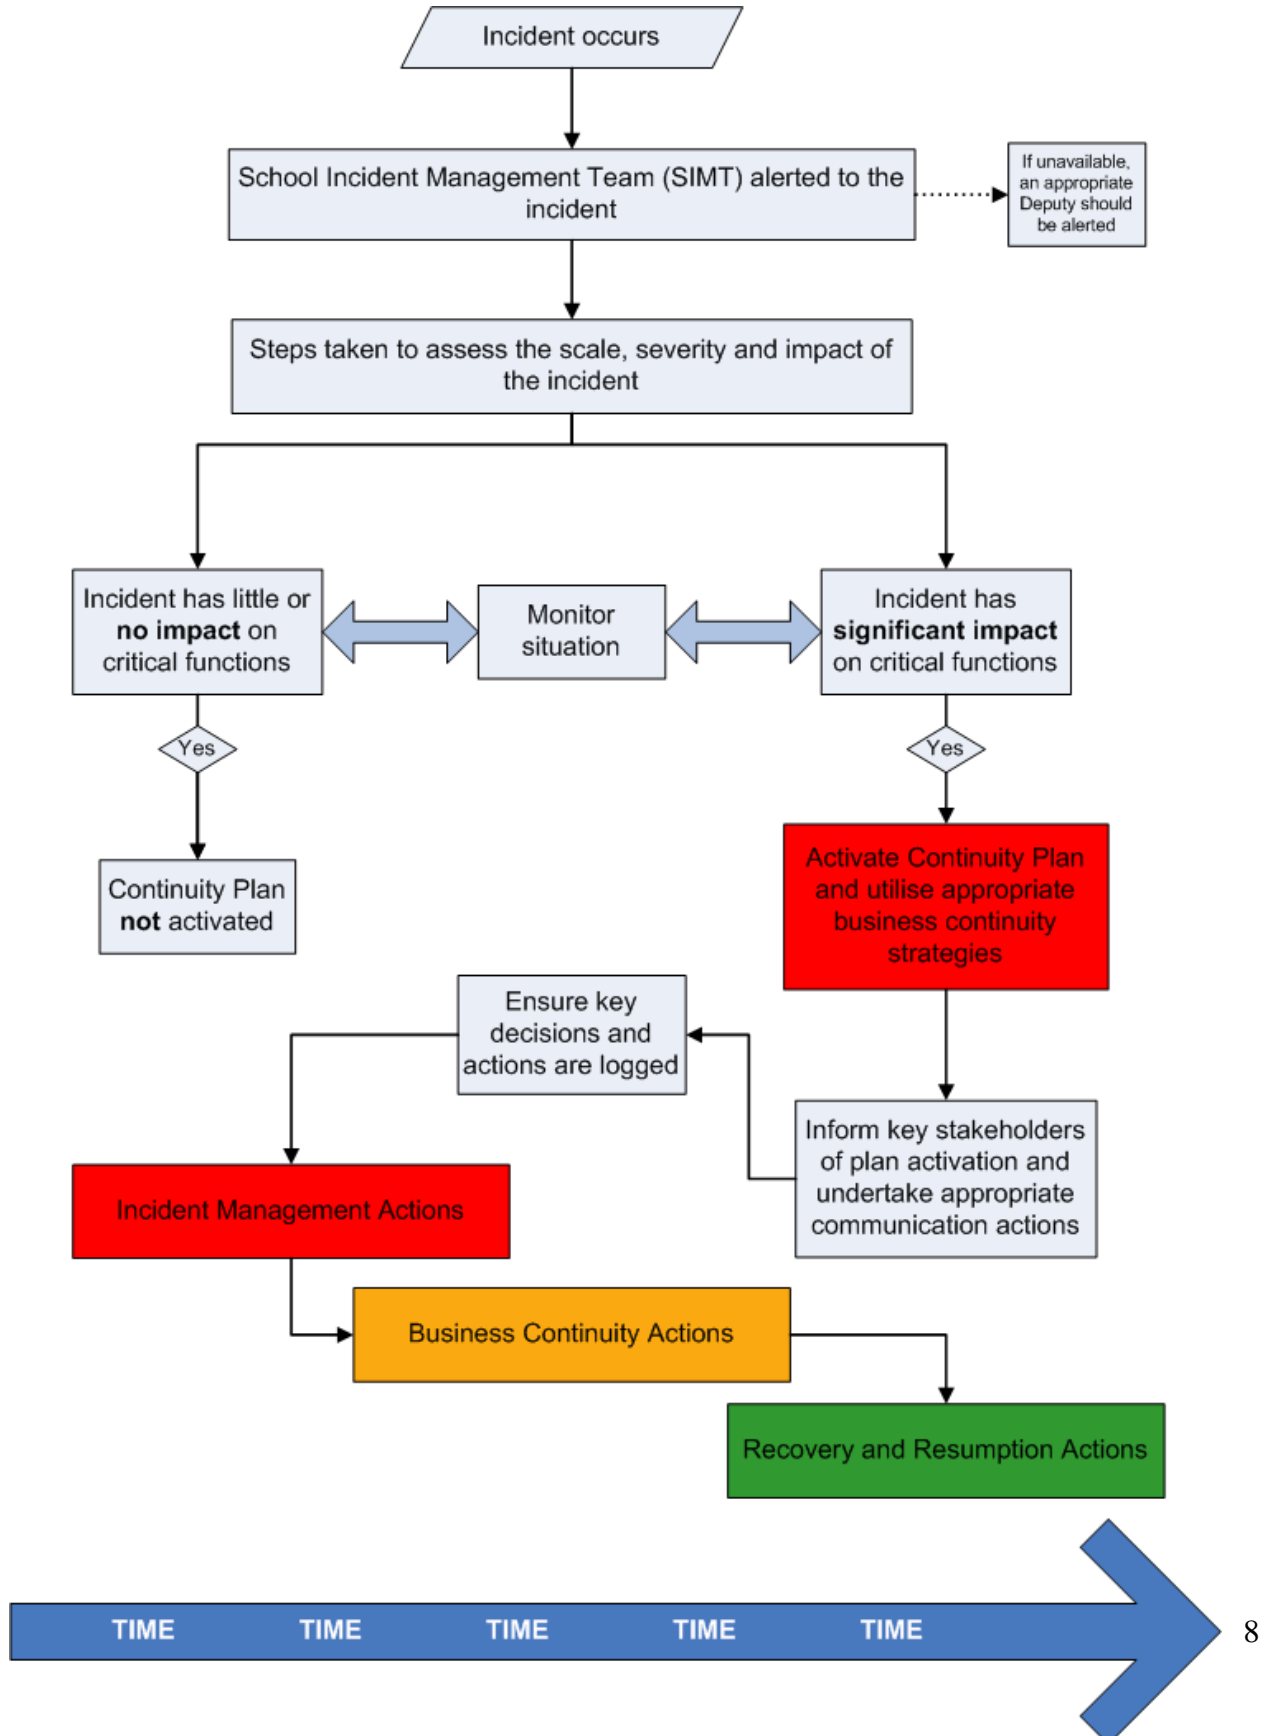

A member of the nominated **School Incident Management Team** will normally activate and stand down this Plan. The flowchart listed below details the key roles in a critical incident in school. For incidents off-site, closure in the event of extreme weather conditions, an emergency relating to other services using the site (such as the play scheme) etc the full team is unlikely to need to be mobilised. In this eventuality, the person assuming the “Gold” role will decide which other roles are required.

3.4. ESCALATING A SERIOUS INCIDENT

All serious incidents should be reported to REAch2 and to the Local Authority on **0800 547547**. If the incident is deemed to be of a 'critical' nature, the "Critical" element of the Business Continuity Management Plan will be activated and other REAch2 and Council Services notified to respond as appropriate.

6.0. BUSINESS CONTINUITY

6.1 PURPOSE OF THE BUSINESS CONTINUITY PHASE

The purpose of the business continuity phase of your response is to ensure that critical activities are resumed as quickly as possible and/or continue to be delivered during the disruption. This may involve activation one or more of your business continuity strategies to enable alternative ways of working.

If the school is to be closed for an extended period due to ongoing adverse conditions or local incident, damage to school buildings etc, we still have a responsibility to provide a reasonable level of education for children starting as soon after the incident as possible. The LA may be able to provide a temporary site/sites or it could mean the setting up of a temporary site or provision of education at home via home learning packs or lessons delivered via the VLE. Gold and Silver will liaise with REAch2 and the LA to co-ordinate and agree these efforts based on the resources available and utilising member of the Bronze Team as required for communication and site specific requirements.

During an incident it is unlikely that you will have all of your resources available to you, it is therefore likely that some 'non-critical' activities may need to be suspended at this time.

6.2 BUSINESS CONTINUITY ACTIONS

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (tick/cross as appropriate)
1.	Identify any other stakeholders required to be involved in the Business Continuity response	Depending on the incident, you may need additional/specific input in order to drive the recovery of critical activities, this may require the involvement of external partners	<input type="checkbox"/>
2.	Evaluate the impact of the incident	<p>Take time to understand the impact of the incident on 'business as usual' school activities by communicating with key stakeholders to gather information using The Impact Assessment Form at Appendix 8. Consider the following questions:</p> <ul style="list-style-type: none"> ▪ Which school activities are disrupted? ▪ What is the impact over time if these activities do not continue? ▪ Would the impact be: <ul style="list-style-type: none"> ○ manageable? <input type="checkbox"/> ○ disruptive? <input type="checkbox"/> ○ critical? <input type="checkbox"/> ○ disastrous? <input type="checkbox"/> ▪ What are current staffing levels? ▪ Are there any key milestones or critical activity deadlines approaching? ▪ What are your recovery time objectives? ▪ What resources are required to recover critical activities? 	<input type="checkbox"/>

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (tick/cross as appropriate)
3.	Plan how critical activities will be maintained, utilising pre-identified or new business continuity strategies (See Section 6.3)	Consider: <ul style="list-style-type: none"> ▪ Immediate priorities ▪ Communication strategies ▪ Deployment of resources ▪ Finance ▪ Monitoring the situation ▪ Reporting ▪ Stakeholder engagement Produce an action plan for this phase of response.	<input type="checkbox"/>
4.	Log all decisions and actions, including what you decide not to do and include your decision making rationale	Use the Decision and Action Log to do this. <i>The log template can be found in Appendix 7</i>	<input type="checkbox"/>
5.	Log all financial expenditure incurred	The Financial Expenditure Log can be found in Appendix 10.	<input type="checkbox"/>
6.	Allocate specific roles as necessary	Roles allocated will depend on the nature of the incident and availability of staff	<input type="checkbox"/>
7.	Secure resources to enable critical activities to continue/be recovered	Consider requirements such as staffing, premises, equipment, ICT, welfare issues etc	<input type="checkbox"/>
8.	Deliver appropriate communication actions as required	Ensure methods of communication and key messages are developed as appropriate to the needs of your key stakeholders e.g. staff, parents/carers, governors, suppliers, Local Authority, central Government Agencies etc.	<input type="checkbox"/>

6.3 BUSINESS CONTINUITY STRATEGIES

	Arrangements to manage a loss or shortage of staff or skills	Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Use of temporary staff e.g. supply teachers, office staff etc	
2.	Multi-skilling and cross-training to ensure staff are capable of undertaking different roles and responsibilities, this may involve identifying deputies, job shadowing, succession planning and handover periods for planned (already known) staff absence e.g. maternity leave	
3.	Using different ways of working to allow for reduced workforce, this may include: <ul style="list-style-type: none"> • larger class sizes (subject to adult and child ratios) • use of TAs, LSAs, Student Teachers, Learning Mentors etc • Website utilisation 	

	<ul style="list-style-type: none"> • pre-prepared educational materials that allow for independent learning • team activities and sports to accommodate larger numbers of pupils at once 	
4.	Suspending 'non-critical' activities and focusing on your priorities i.e. children's safety.	
5.	Using mutual support agreements with other schools	
6.	Ensuring staff management issues are considered i.e. managing attendance policies, job description flexibility and contractual requirements etc	

Arrangements to manage denial of access to your premises or loss of utilities		Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Using mutual support agreements with other schools	<input type="checkbox"/>
2.	Pre-agreed arrangements with other premises in the community i.e. Libraries, Leisure Centre, North Herts College, St Pauls Church.	<input type="checkbox"/>
3.	Website utilisation and class emails	<input type="checkbox"/>
4.	Localising the incident e.g. isolating the problem and utilising different sites or areas within the school premises portfolio	<input type="checkbox"/>
5.	Off-site activities e.g. swimming, physical activities, school trips	<input type="checkbox"/>

Arrangements to manage loss of technology / telephony / data / power		Further Information (e.g. Key contacts, details of arrangements, checklists)
1.	Back-ups of key school data e.g. Memory Stick and external hard drive back-ups, photocopies stored on and off site, mirrored servers etc	<input type="checkbox"/>
2.	Reverting to paper-based systems e.g. paper registers, whiteboards etc	<input type="checkbox"/>
3.	Flexible lesson plans	<input type="checkbox"/>
4.	Emergency generator e.g. Uninterruptible Power Supply (UPS)	<input type="checkbox"/>
5.	Emergency lighting	<input type="checkbox"/>

Arrangements to mitigate the loss of key suppliers, third parties or partners		Further Information
1.	Pre-identified alternative suppliers	<input type="checkbox"/>
2.	Insurance cover	<input type="checkbox"/>
3.	Using mutual support agreements with other schools and REAch2	<input type="checkbox"/>
4.	Using alternative ways of working to mitigate the loss e.g. suspending activities, adapting to the situation and working around it	<input type="checkbox"/>

7.0 RECOVERY AND RESUMPTION

The purpose of the recovery and resumption phase is to resume 'business as usual' working practices for the school as quickly as possible. When the emergency services have left the school, or in the case of an incident on a school trip, when pupils and staff have returned home and media interest has subsided, the school will need to begin to recover. The school will need to put a recovery plan into place and potentially organise a range of support for staff and pupils. There may be formal inquiries or police investigations continuing for some time after the incident and it will be important to secure the co-operation and support of staff, pupils and parents. Where the impact of the incident is prolonged, 'normal' operations may need to be delivered under new circumstances e.g. from a different location.

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (tick/cross as appropriate)
GOLD			
1.	Agree and plan the actions required to enable recovery and resumption of normal working practices	Agreed actions will be detailed in an action plan and set against timescales with responsibility for completion clearly indicated.	<input type="checkbox"/>
2.	Once recovery and resumption actions are complete, communicate the return to 'business as usual'.	<ul style="list-style-type: none"> • Ensure all staff are aware that the Business Continuity Plan is no longer in effect through text messages / calls. • Ensure all parents/carers are aware that the Business Continuity Plan is no longer in effect through text messages / letters / Twitter. • Ensure all contractors / additional parties are aware that the Business Continuity Plan is now longer in place through text messages / emails / calls. 	<input type="checkbox"/>
3.	Prepare the school for re-opening	<ul style="list-style-type: none"> • The school may need to be cleaned prior to re-opening and guidance would be sought about the scope of the cleaning required. • If the school has been closed suddenly or has been closed for a period of time, it is likely that a deep clean of the kitchens would be required. Again, advice should be sought from the Catering company on the time required. It could be that the school re-opens with only packed lunch options until this work has been completed. Parents need to be notified of the arrangements as soon as the decisions have been finalised. 	<input type="checkbox"/>
4.	Carry out debrief with all staff	<ul style="list-style-type: none"> • A debrief should be conducted to pass key messages and arrangements for returning to learning to staff. This session should give staff the opportunity to emotionally process what has 	<input type="checkbox"/>

	ACTION	FUTHER INFO/DETAILS	ACTIONED? (tick/cross as appropriate)
	Carry out debrief with all staff continued	<p>happened. At this time, you should determine if follow-up counselling, support or further debriefing is needed. Support could include counselling, mentors, marking anniversaries, etc. See Appendix 12/13 for guidance</p> <ul style="list-style-type: none"> • Lessons learned should also be captured either as a group or with key individuals to incorporate them onto revisions and training. • Once an incident is over and your immediate recovery needs have been met, be sure to document your observations and actions in a timely and thorough manner. 	
5.	Agree communication with parents	Agree whether letters will be sent home or if parents need to be given the opportunity to come into school for a meeting prior to re-opening. See Appendix 6 for guidance	<input type="checkbox"/>
6.	Agree debrief arrangements for pupils (if required)	Arrangements for debriefing pupils should be agreed with staff. See Appendix 12 for guidance on imparting tragic news if required.	<input type="checkbox"/>
7.	Carry out a debrief with all members of the School Incident Management Team	<ul style="list-style-type: none"> • Review this Continuity Plan in light of lessons learned from incident and the response to it. • Implement recommendations for improvement and update this Plan. • Ensure any revised versions of the plan are read by all members of the School Incident Management Team and Governors. 	<input type="checkbox"/>

APPENDIX 1 – EVACUATION PROCEDURES

SCHOOL LOCK DOWN PROCEDURES

Three types of lockdown:

- Indoor
- Outdoor
- Offsite evacuation

Indoor

- **To come inside at break/lunchtimes or during outdoor lessons (start at point 1)**
- **When inside for lessons or lunch (start at point 2)**

5 x alarm pulse/claxon on the playground at more than one point where possible

1. Usher children into the school building if on the playgrounds as quickly as possible through the closest door and then to their classroom; lock offices, fob connecting doors and outside doors.
2. Children move to their classrooms accompanied by adults where possible
3. Staff to ensure the windows/doors are closed/locked and screened where possible. Children are positioned away from sightlines from external windows/doors. Lights, Smart boards and computer monitors to be turned off.
4. Children/staff not in class proceed to nearest occupied classroom and remain here. If a class is in the opposite hall from where their classroom is they are to go to one of the nearest rooms e.g. music room.
5. All classes to fill in their fire registers add to the bottom any additional children or staff. These will then be collected by SLT.
6. Staff to support children in keeping calm and quiet.
7. Staff to remain in lockdown positions until informed by key staff e.g. SLT or Chair of Governors in person that there is an all clear.
8. As soon as possible after the lockdown teachers return to their base classrooms and conduct a roll call and notify the office immediately of any pupils not accounted for.

Staff specific roles:

1. Front office staff locks offices and call police if necessary.
2. Head or office staff member locks the school's front doors and entrances.
3. Caretaker to head to Office/ Back gate to Nursery.
4. Individual teachers/HLTAs/TAs lock/close classroom door(s) and windows.
5. Nearest adult to check exit doors in KS2/KS1/EYFS/Nursery and outdoor classroom doors are lock and down in FS. If community wing in use lead adult to lock outdoor doors.
6. Staff in PPA room/staffroom to lock down in this room.
7. Catering Staff to lock back door to kitchen and turn off lights.

INDIVIDUAL STAFF CANNOT SIGN OUT OR LEAVE THE PREMISES DURING LOCKDOWN WITHOUT PRIOR AGREEMENT OF THE HEADTEACHER BEFORE LEAVING

Outdoor/Fire drill

Continuous fire bell.

1. All staff members lead children out to the playground or field, fire line points (depending on situation).
2. Fire registers to be completed by all class teachers and given to the office team.
3. Office staff to check sign in and out folders for children and staff absences as well as visitors.
4. Children only allowed to go in once safe and informed by a member of SLT.

Offsite evacuation

Continuous Pulsing fire bell – SLT to direct once outside.

1. All staff members lead children out of the school gates and line up just off the path at the edge of the Jackman's park. Gates should be unlocked by the Caretaker and admin assistant.
2. SLT member to call **ST Paul's** contacts to ensure church is open (numbers below)
3. Business Manager/Office staff to collect the grab bag.
4. Signs for emergency pick up put on the school gates by Caretaker.
5. Fire registers to be completed by all class teachers and given to the office team.
6. Office staff to check sign in and out folders for children and staff absences as well as visitors.
7. Gold team to contact St Paul's Church to make them aware we are coming.
8. All children led by adults walk to St Paul's Church.
9. All parents are contacted via email, social media or telephone to collect their children from the given emergency point. Maps and address given to support.

St Paul's church office open Mon -Fri 9.15-1.15pm **01462 637373**

The wardens and vicar on:

Rev Jeni McQuaid - 07882 108497

Maureen Phillips - 07881 585545

Emma Vernon - 07941 376316

APPENDIX 2: ITEMS TO BE TAKEN OUT OF SCHOOL

In the event of an emergency evacuation, the following materials will be taken out of the school by the office team:-

Section	Details
Attendance registers	<ul style="list-style-type: none"> • Visitors book • Signing in / out book • Pupil registers • Adult register • Class emergency signs (red/green) • Laminated plan of the school
Incident Management Plan	Incident Management Plan Contact details, including: <ul style="list-style-type: none"> • Governors contact details • Staff contact details with emergency contacts & medical information • Pupil contact details • Key Contacts List - REAch2, LA contacts, Key Suppliers, External Agencies
IT / Equipment Information	Log in details for essential IT applications e.g. Corero, Arbor, Perago
Grab Bag Containing	First Aid Kit
	Portable radio (plus spare batteries)
	Wind up LED torches x 3
	Fire Marshall Jackets
	Stationery including permanent markers, clipboards, pens, blue-tack, pins, pencils and notebook paper
	Disposable camera with film
	Hazard barrier tape
	Contact details for taxi / transport providers
	School Floor Plans
	Clipboards
	Whistles x 3
	School floor plans showing location of potential hazards such as, flammable materials & water points, gas meters
	Thermal Foil Blankets
Large first aid kit including disposable latex gloves	
Instant ice packs	
Signage	Pre-prepared signs

Senior Leadership Team members should also have copies of the pupil, staff, volunteer/governor details and emergency contact list in a shortened version of the Emergency Pack at home which they can utilise in the event of the decision being made to close the school overnight or during the weekend. These packs should be updated at the start of each term and updated versions of the pupil and staff lists passed on to the SLT members by the office team.

APPENDIX 3: INCIDENT ON EDUCATIONAL VISITS

The Headteacher or pre-agreed nominee should be informed of any incident by the group leader.

1. Maintain a written record of your actions using this proforma and attached log sheet			
2. Offer reassurance and support. Be aware that all involved in the incident, those at school and you, may be suffering from shock or may panic.			
3. Find out what has happened. Obtain as clear a picture as you can: Who informed you of the incident? (Usually the group leader)			
Name	Status	Telephone Number	Additional Telephone Number
Where are they now and where are they going?			
4. Remind the group leader to follow the emergency procedure advice in the LA Emergency on an Educational Visit Advice Card (Leaders are advised to have a copy with them on the visit)			
5. Record the details of the off-site activity/visit during which incident occurred			
Location and nature of visit			
Name of person in charge of activity/visit		Telephone Number	
Number of people on the visit	Pupils	Teachers	Other Adults
6. Record the details of the incident:			
Date and time of incident		Location	
What has happened?			
People Affected	Name	Injury	Where they are / will be taken
Emergency Services involved and advice they have given			
Names and locations of hospitals involved			
Arrangements for pupils not directly			

involved in the incident			
Name of liaison person for your group at the incident		Telephone Number	
7. Depending on the scale of the incident, it may be necessary to assemble the School Emergency Team to assist with the response			

Having activated the emergency plan, go on to the next stage:

Implementation	✓
Assemble School Emergency Team and brief on roles	
Inform school staff as appropriate, depending on the time and scale of the incident	
Consider emergency communication needs. Dedicate lines for incoming and outgoing calls if required and arrange extra staff if required to cover phones	
Inform parents of any injured pupils – immediately inform these parents of what has happened and where their son/daughter is. Record what their plans are, e.g. to travel to their son/daughter, any assistance they need and any means of communication they have with them (e.g. mobile). In event of a major incident, the police may give advice re naming badly injured people or fatalities. You may also need to inform next-of-kin of any staff who have been involved.	
Inform parents of any other pupils on the visit but not directly involved in the incident. Decide which parents should be informed and by whom and contact them as appropriate. Parents should hear first of the incident from the school (or from the party leader) not from hearsay or the media. Information must be limited until facts are clear and all involved parents/next of kin are informed.	
Inform REAch2 and the Chair of Governors. Request support as required:- <ul style="list-style-type: none"> • Assistance at the school or at the site of the incident by Local Authority Officers • Help with arranging travel and transport between the incident, parents and the school 	
Inform the LA. During office hours, call the Executive Directors Office on the contact number listed in Emergency Contacts. Outside office hours, contact the Emergency Helpline 0800 547547 and ask them to make contact with the Duty Officer. Request support as required:- <ul style="list-style-type: none"> • Provision of extra communications, including a public telephone helpline if required • Help with media management, including press statements and interview briefing • For an incident in another UK local authority ask the LA to establish links with that LA • For an incident abroad, ask the LA to establish links with the Foreign Office or British Consulate 	
Inform pupils and staff at school and their parents. Decide what information should be given. Remember that information given must be limited until the facts are clear and all involved parents/next of kin are informed. In the event of a tragic incident, consider seeking support from the educational psychology service about the best way to inform pupils and support them. Staff and pupils should be told to avoid talking to the media or spreading the story unnecessarily.	
MEDIA MANAGEMENT	
Introduce controls on school entrances and telephones if required	

Brief staff on what to say	
Prepare a press statement (in consultation with REAch2) which can be read out	
SITE	
Arrange a quiet place to receive parents of all the children involved as they arrive at the school	
REPORTING	
Tell the staff involved to prepare a written report noting events and times. Inform the H&S Team who will advise on reporting procedures. Trade Unions may need to be notified (liaise with REAch2) and accident forms need to be completed and sent to the H&S Team. In the event of a serious injury or a fatality, the HSE should be informed within 24 hours.	

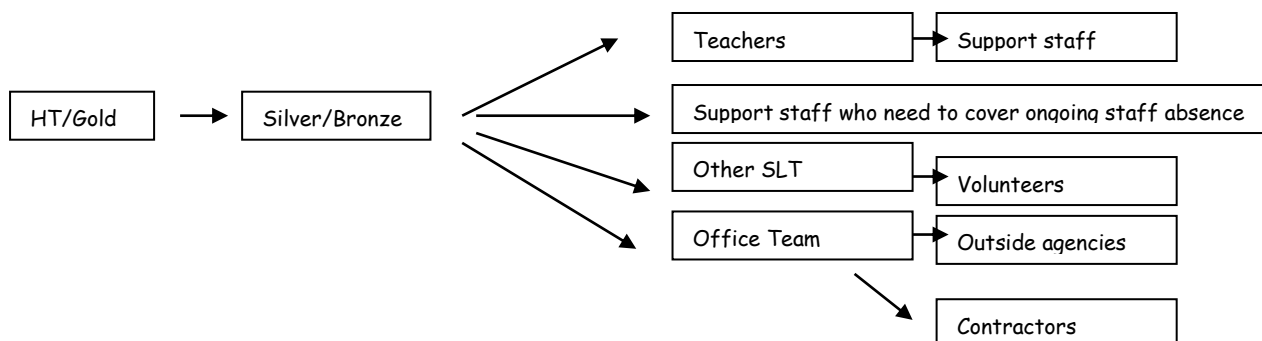

APPENDIX 4 – SCHOOL CLOSURE DUE TO ADVERSE WEATHER CONDITIONS, NATURAL DISASTER OR PREMISES FAILURE

DECISION BEFORE SCHOOL OPENS

In the event that the school needs to be closed before the children are on site, the following procedures will be followed:-

1. Gold to inform SLT
2. Silver to disseminate information to staff (see Communication Tree below) Bronze (site) to liaise with office team to send texts to parents & staff.
3. Bronze (Communication) to post signs on school gates informing parents about any classes that will be closed and advising when further information will be handed out to avoid phone system being deluged (i.e. texts will be sent this afternoon with further details)
4. Recorded message to be set up on phone system by the office team (or Bronze site) for parents phoning in
5. Bronze (Family Liaison) out on gate to meet parents and explain decision. Any unaccompanied children who still arrive at school despite the class closure to be placed in another class whilst they are waiting for collection. Office to be given list so they can call parents.
6. Gold to inform LA and Reach2 of closure and details of sickness levels reported if required.
7. Bronze (site) to call caterers, cleaners, extended services, after school club and any volunteers and other agencies/workers who are due to be working with the class.
8. Bronze (media) to prepare follow-up email, text and gate message to be prepared ready to send out by the end of school.

APPENDIX 6 – SAMPLE LETTER INFORMING PARENTS

Dear Parents / Carers,

You may have heard / It is with great sadness and regret that I have to inform you

(known facts of the incident)

As a school community, we are all deeply affected by this tragedy / I am sure you will wish to join me and my staff in offering our condolences and sympathy to those affected / to

(refer to individuals / families affected only where it is appropriate to release this information)

I have now spoken to all pupils and staff in school about what has happened and you will need to be aware of the following arrangements that we have now made:-

Details about:

School closure

Changes to timings of the school day

Lunch time arrangements

Changes to staffing

Arrangements for specific year groups / classes

Counselling support

Provision of further information as relevant

(If appropriate, advice about media contacts)

I think it is very important that we all take the time to talk with and reassure children about what has happened. It is likely to be a very difficult time for us as a school community and we will all need to support each other.

We appreciate the expressions of concern we have received, however, it would be helpful if parents do not telephone the school during this time so we can keep phones and staff free to manage the situation. I can assure you that we will keep you regularly informed and fully up to date with any developments.

Yours sincerely,

Headteacher

APPENDIX 12 – COMMUNICATIONS AND IMPARTING TRAGIC NEWS

12.1. COMMUNICATIONS - INTERNAL

Rumours spread quickly within a school community, and can cause great distress in a crisis situation. The best way of preventing rumours is to inform people quickly, simply and factually. Give pupils, staff, governors and parents accurate, up-to-date information, update them at regular intervals, and encourage them not to speculate or to encourage rumours. Pupils should be informed in small groups where possible. It is imperative that a brief letter that contains general facts about the incident be prepared and released as soon as possible to students, parents and staff members prior to the end of the school day. The letter should be reviewed with REAch2, the school's legal team and the Director of the LA Incident Team.

12.2. COMMUNICATIONS – PARENTS/STAFF RELATIVES

Communications systems are put under enormous pressure in the immediate aftermath of an emergency, but are vital to ensuring a well-managed response. Bronze (Communications) is the pivotal role in managing this situation and an early decision should be made with Gold and Silver about how to inform parents - bear in mind the speed with which rumours circulate. It is helpful to write a one-paragraph statement to be read to parents and others.

A text message should be sent to parents (providing the IT systems are accessible) .There are some parents who we will not be able to contact by text message so follow up calls may still be required.

It is likely that the incident will create a very high volume of calls, or interest from the wider public, the LA may be able to assist by setting up a public helpline to relieve the pressure on the school, or calls can be redirected to the main switchboard if they will agree to handle incoming calls. This can be requested as part of your call for assistance.

Remember, in the case of a fatal incident, the police will normally inform the parents of the child or children involved.

Bronze (Communications) can also ask the LA press office to communicate local radio stations or make contact directly. Signs should be posted on the school gates (with a map where suitable) detailing the location of the evacuation site informing parents who have not got the message where the children are. In the event that parents need to be called to chase up parents who are late, the school mobile phones/phones at the emergency site should be used rather than personal phones.

12.3. MEDIA MANAGEMENT

It may be worth setting up a designated press area away from the school and giving the press a time and location for a press conference. The first priority is the safety of students and staff. The news media can be accommodated later at our convenience. The letter that has been prepared for pupils, parents and staff may also be read at the press conference as part of the media response. In the most serious cases, the police are likely to take the lead when dealing with the press, and to offer some protection against media intrusion.

Media and third party enquiries must be routed to Bronze (communications) who should brief all staff likely to receive calls. **On no account should unauthorised persons speak to the media other than to help re-route calls.**

Bronze (communications) will be asked to provide:

- Regularly updated holding statements for the press, members of the public, and parents.
- Status update statements for press, Chair of Governors and parents.

- Briefing and support for Heads and Chair of Governors prior to Press interviews and statements.
- Briefing and support for Staff answering telephone enquiries and setting answer phone messages.
- Press only telephone lines, should it become necessary.
- Liaison with all Emergency Services' Press Offices.
- Liaison with Local Borough Press Offices and the Press Offices of other partner agencies.
- Formal responsibility for emergency communication with the media and monitoring media broadcasts.

12.4. MEDIA INTERVIEWS

The decision regarding who should conduct interviews / deliver press statements should be discussed with Gold and the REAch2 and LA Management Team. However, if it has been decided that "Gold" will act as the school spokesperson, the following guidelines should be followed:-

- Have another person with you, if possible, to monitor the interview.
- If possible, agree an interview format i.e. establish what the interviewer wants to ask.
- Be prepared to think on your feet, but try to decide beforehand what you want to say. Do not read it out.
- Remember you could be quoted on anything you say to a journalist, even if it is not part of the formal interview.
- Be prepared to say you cannot comment.
- Don't over-elaborate your answers.
- Refuse requests for photos or schoolwork of children/staff involved.
- Try to keep a grip on your emotions during interviews-especially if it is TV.
- Most journalists are responsible, but check where interview/camera team go, when interview is over.

12.5. IMPARTING TRAGIC NEWS

Pupils should be told simply and truthfully what has happened, in small groups where possible (i.e. class, year group etc). In some circumstances, it may be appropriate to bring pupils together as a whole school. Where this is the arrangement, ensure pupils have an opportunity to ask questions and talk through what they have heard with class teachers/other staff in smaller groups afterwards.

- Begin by preparing pupils for some very difficult / sad news
- Avoid using euphemisms, use words like "dead" and "died"
- Pass on facts only, do not speculate on causes or consequences
- If questions cannot be answered this should be acknowledged
- Address and deal with rumours
- Try to give expression to the emotions of shock/disbelief that pupils are experiencing and explain that strong and difficult feelings are a normal part of the process of coming to terms with this sort of experience
- Do not refrain from referring to the deceased by name, perhaps highlighting some of the positive aspects of their lives
- Explain what arrangements the school has in hand for coming to terms with what has happened

12.6. FUNERALS AND MEMORIAL SERVICES

The Headteacher should liaise with parents / families regarding funeral plans and write to the bereaved parents / families on behalf of the school. If tributes are left at the school, (flowers and other tributes), a member of the Senior Leadership Team should arrange to visit the family to deliver these tributes if this is acceptable to the family. A condolence book may also

be set up and the children given “cards” to stick in (office to mail-merge children’s names & class names onto the paper).

If appropriate, the school may also write to other parents (see sample letter). There is often a feeling from parents that they want to make a donation. This should be arranged so that flowers can be sent to the service. It might be appropriate to buy a bench, plant a tree etc, at a later date. Planning a memorial, a special assembly or celebration of the person’s life may help the whole school community.

APPENDIX 13 - POST INCIDENT CARE

Post-incident care aimed at helping individuals to understand their feelings following the emergency can be requested from the LA / external providers if required to reduce the possibility of pupils/staff developing post-traumatic stress disorder.

13.1. ASSESSMENT OF VULNERABLE INDIVIDUALS

Different children (and staff) will require different levels of support and this will depend on a number of different factors. The following chart should be used to identify the individuals who may be most vulnerable, placing individuals within each circle and colour coding (green: low risk; yellow: medium risk; red: high risk) according to the following criteria and degree of concern:-

- At greatest risk as they were directly affected by the incident
- Siblings/relations
- Close friendships
- Any perceived culpability/responsibility
- Being blamed or made a scapegoat
- Displaying emotional distress
- Previous bereavement/trauma
- Pre-existing emotional health issues
- Pre-existing home instability/stress
- Culture/language issues

13.2. CLASS SUPPORT

Class teachers have a vital role to play in supporting children in the aftermath of a major incident. Make opportunities to talk to the children on an individual or small group basis as part of your social contact with the children. Even if the children are not very communicative, just being available can be very supportive. Be aware of children in your class who may not be as visible as others but who are struggling to cope. Make times and opportunities for them to talk.

13.3 POSSIBLE REACTIONS

A crisis may cause different reactions in different children in different ways. Some of the more common reactions include:

Physical

- Wetting / soiling
- Disturbed sleep
- Lack of energy, listlessness
- Changes in appetite
- Headaches, tummy upsets, muscle aches

13.4 POSSIBLE REACTIONS continued

Cognitive

- Difficulties in concentrating, increased distractibility
- Loss of previously acquired skills
- Being more accident prone
- Reduced interest in activities
- Appearing preoccupied

Emotional / Behavioural

- Numbness
- Irritability, anger, aggressive behaviour
- Nervousness, panic attacks
- Raised levels of anxiety
- Feeling overwhelmed / confused
- Clinging behaviour
- Regression of behaviour
- Repetitive acting out
- Mood swings, crying

If you have concerns about particular children, discuss these concerns with a member of the Senior Leadership Team so consideration can be given to the pastoral care that can be offered in school and the possibility of outside agency referrals considered.

Where the pupil is experiencing persistent and intrusive thoughts, dreams or flashbacks and a range of the physical, cognitive and emotional/behavioural symptoms described above for at least 1 month, then serious consideration should be given to accessing specialist child mental health services. A referral to CAMHS can be discussed with the school EP. Parents may also wish to discuss the difficulties with their GP so their GP can also consider whether a referral to CAMHS is appropriate.

13.5. INDIVIDUAL PASTORAL SUPPORT

You may be asked to offer pastoral support to individual children if you have a strong bond with them or particular skills in this area, or if the child has started to open up to you. It is important to make sure you have some clearly defined strategies when undertaking this role and ensure you do not underestimate the demands and strain. Ensure you have the opportunity to talk through any form of support that you provide with a trusted colleague.

- Be accepting and allow the pupil to express their emotions. Ask open-ended questions (e.g. "How are you today?") or just sit with them if you feel this is appropriate. Avoid touching or hugging but try to be as natural and unembarrassed as possible. Have some tissues to hand. It might be appropriate to use reflective listening (i.e. repeating back to the child what they have said). Sometimes it is helpful to give a name to the emotion you

are hearing being expressed (e.g. “That sounds very sad”, “Did you feel angry then?” etc).

- You might have to explain your limits of confidentiality – i.e. confidentiality can be maintained except where you believe the pupil is at risk or there are issues relating to a possible criminal act.
- Don't forget that knowing what to say is far less important than being able to listen in a sympathetic and supportive manner.

- If it seems appropriate to offer advice, then strategies you might want to suggest could include:
 - Talking to their friends and family
 - Crying and expressing their emotions in a suitable, safe context
 - Eating normally & doing some physical exercise
 - Maintaining normal sleep patterns
 - Listening and playing music or being creative through art, drama, music etc
 - Carrying on seeing and playing with friends
- As part of such sensitive support, it will be important to ensure that the pupil can continue to seek support from you but without them becoming dependent. If appropriate agree a set number of sessions at a set time and place where you can be confident of not being disturbed (in terms of your own safety and accountability, ensure that parents and relevant staff are aware of such arrangements)
- Using a visual aid such as an outline of a hand, ask the pupils to identify 5 individuals (e.g staff, peers, family, other adults) who they feel they could approach as part of their support network to help them feel safe. Ask them to test it out.
- Liaise with parents and carers as appropriate
- Consider liaising with colleagues to differentiate work outcomes / homework etc or arrangements for managing the pupil's emotional distress in class

13.6. ONGOING SUPPORT

The impact of some incidents can continue for years, so thought may need to be given to ongoing identification and support measures for both staff and pupils who are affected.

Remember that legal processes, enquiries and news stories may bring back distressing memories and cause upset within the school. Remember also that holidays, Christmas, birthdays and the anniversary of the event can mark points of particular emotional vulnerability.

It is also important to make new staff aware of which pupils were involved and how they were affected so teachers and support staff have the knowledge they need to support pupils.

APPENDIX 14 – BOMB THREAT PROMPT CARD

If you take a telephone call from someone who claims to have information about a bomb:

1. Stay calm
2. Let them finish the message without interruption. Try to record EXACTLY what they say, especially any code word they might give.
1. Make a note of: <ul style="list-style-type: none">• Exact time of the call• Caller's sex and approximate age• Any accent the person has, or any distinguishing feature about their voice e.g. speech impediment, state of drunkenness etc.• Any distinguishable background noise.
2. When they have finished the message, try to ask as many of the following questions as you can, being cautious to avoid provoking the caller: <ul style="list-style-type: none">• Where is the bomb?• What time is it due to go off?• What kind of bomb is it?• What does it look like?• What will cause it to explode?• Why are you doing this?• What is your name?• What is your address?• What is your telephone number?
5. Dial 1471 - you may get the details of where the phone call was made from, especially in the case of a hoax caller.
6. Report the call to the police and the Headteacher/nominated deputy immediately . In the extremely unlikely event that there was a code word with the message, and the location of the bomb was given as a location other than the school, follow the same procedure – report the call immediately to the police, and then notify the Headteacher.
