Dear Parents & Carers

The online world is posing an ever-increasing risk to children and it is important that schools, parents and carers work together to take an active role in teaching children about online dangers and how to act safely when using the internet.

We are therefore delighted to announce that Garstang Community Academy have shown our commitment to protecting our pupils online and have worked with National Online Safety to deliver an interactive online workshop for all our parents & carers.

The course can be taken at your own convenience and covers:

- Information about online dangers and the newest platforms
- What online risks to look out for and how to protect your child

We will be creating your user account on the Learning Hub, and you'll receive an email from National Online Safety to complete your sign up shortly. If you do not receive this, please check your junk mail – and let us know if it has not arrived.

Once you have registered, you will be able to access the “Online Safety for Parents and Carers’ course and National Online Safety’s Resources (which includes a wide range of online platform guides on the latest social media channels and games). This aims to help empower parents with the knowledge to protect their children from the dangers of the internet.

If you have any questions, or trouble accessing the course, please contact [support@nationalonlinesafety.com](mailto:support@nationalonlinesafety.com).

Yours sincerely

Garstang Community Academy
