

### **Covid-19: Staged Approach to School Remote Provision**

As part of our contingency planning, Gatley Primary School will consider how they would respond in the event that the number of cases means further restrictions may become necessary. At each stage, we clearly inform parents/carers which pupils should be in school and the curriculum provision they will receive at any given time. This staged approach will ensure that impact on education is minimal and that priority is given to vulnerable children and children of critical workers for face-to-face provision in all cases.
