Exit Card – Year

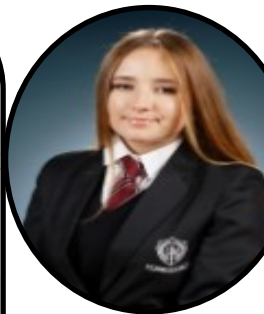

mi aplicación favorita es Chat GPT, es un app más rápida que epoque, tu puedes hacer tus charas en dos segundos! Normalmente, cuando tengo aburrido uso ChatGPT después de la escuela porque si no hago, estoy aburrido. Lo bueno de las redes sociales es que puedes mirar videos cortos en Tiktok sin anuncios para horas! Pero, en mi opinión, pienso que tener un teléfono es más interesante que Tiktok. Youtube también cuando tengo más dinero voy a comprar Youtube+ así que puedo ver videos sin anuncios con mis amigos. Recientemente voy a móvil para ver las películas en mi ciudad. Es muy importante para mis estudios en escuela, como: los negocios y el inglés. Lo malo de las redes sociales es que puede ser muy peligroso, con los pedófilos, criminales y los estropeados. Creo que los tablets son malos para niños, es muy adictivo. Cuando era niño joven, ~~era~~ en mi hermano y yo siempre jugábamos videojuegos en mi habitación. Cuando voy a escuela niños no voy a permitir usar tablets, es más adictivo y malo para los niños. ~~En mi tablet cuando tenía mi tablet era muy divertido. Siempre miré videos en youtube.~~

Questions:

- ¿Cuál es tu aplicación favorita? ¿Por qué?
- Lo bueno y malo de las Redes Sociales.
- Como has usado tu teléfono recientemente
- Tu opinión de las tablets.

Year 11 Achievement

“LOOKING TO THE FUTURE”

January 2025

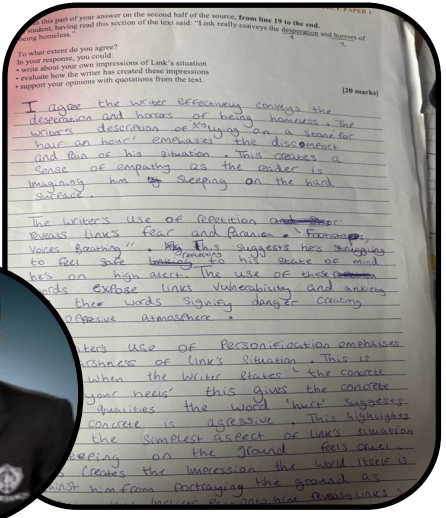

Fazeen 11M has been working on a children’s book for her Art GCSE. She has invented the characters drawn then and created a story board based on a mystery train journey.

All Year 11 are busy preparing for their upcoming GCSEs.

Independent work in Purple Pen such as this example by **Huda 11F** is an essential part of this preparation.

Ms Hardy said. *“It was a pleasure to feedback on this fantastic independent work”*
