“LOOKING TO THE FUTURE”

March
2025

“We had the pleasure of welcoming back two of our former students, Olivia and Faieq, who visited to speak with our current Year 11 students about their experiences at LAE Stratford. It was truly inspiring to hear their stories and see the impact our school has had on their academic journeys.

This year, LAE Stratford received an impressive 8,000 applications, and we are incredibly proud that six of our students have received conditional offers to attend in September. This is a testament to the hard work and dedication of both our students and staff.

Olivia and Faieq, now in Year 13, shared their exciting news with us. Olivia has been offered a place to study History at Oxford University, while Faieq has received multiple offers to study Economics at Warwick University and is eagerly awaiting a response from his top choice, the London School of Economics (LSE).

They also highlighted the achievements of other ex-students from their year group at GM, many of whom are pursuing degrees in Medicine, Architecture, and other prestigious fields. It is heart-warming to see so many of our students achieving greatness and following their dreams.

Their success is a reflection of the dedication and commitment of our entire school community.”

Kassie-Ann 10W :

I really enjoy music and George Mitchell has many activities such as choir, band, steel pans and keyboard practice. The teachers are amazing in particular Ms Nina and Ms Tina.

Anna 10F :

I joined George Mitchell recently. Everyone made me feel welcome and looked after me. My friends are amazing.

Baciro 9W:

I get support from all my teachers especially the PE Dept as they help me in life and to be a better person.

I am proud to be a member of the school sports teams such as football, basketball and athletics!
