

# Glenfield Infant School Knowledge Organiser

Year 1—Autum 1	Computing	Creating Media– Digital Painting
----------------	-----------	----------------------------------

### What should I already know?

I know how to paint with a paintbrush. I know that I can select different colours and make different marks. I have used tablets to play games and know that I need to touch the screen to make something happen.

Vocabulary	
tool	A piece of software that does a particular job
paintbrush	A tool used to paint on paper or a screen
erase	To rub out or remove a mark.
fill	A tool that will colour in a shape
undo	To remove the last action.
brush style	A tool used to change the appearance of the brush mark.
brush size	A tool used to change the width of the brush mark.
digital device	An electronic device like a computer, tablet or phone.

### 1. How can we paint using a digital device?

Tools that I can use:

Line fill erase paintbrush

**Sticky Knowledge** Marks can be made on the screen of a digital device. There are different tools to make different marks.

### 2. How can I insert straight lines and shapes?

The **shape** tool has lots of shapes. We used the square today.

We used the line, shape and fill tools to make art inspired by **Piet Mondrian**

**Sticky Knowledge** The line tool can draw straight lines. The shape tool can insert shapes like squares. The fill tool can colour in the shapes.

### 3. How can I make appropriate choices when painting a digital picture?

The freehand drawing tools (the **paintbrush**) helped to recreate the work of **Henri Matisse**

When **Matisse** couldn't paint anymore he made pictures using pieces of paper.

**Sticky Knowledge** The shape and colour choices can be changed to make a digital picture more effective.

### 4. Why did I choose that tool and effect?

There are lots of different paintbrush tools including paint, airbrush, watercolour and crayon.

We chose the best tools to recreate **Wassily Kandinsky's** 'Squares with Concentric Circles'

**Sticky Knowledge** Changing the paintbrush tool can change the effect and mood of my picture.

### 5. Can I paint a digital picture independently using only dots?

The **paintbrush** and the **size** tool can be used to make dots.

**Georges Seurat** made paintings with dots. It was called **Pointillism**

**Sticky Knowledge** Dots of colour can be made with the paintbrush and size tool to create a digital picture in the style of an artist.

### 6. Which is best - digital painting or painting on paper?

We painted a picture in dots using paint, cotton buds and paper. We **evaluated** which we preferred- paint or digital!

**Sticky Knowledge** Pictures can be made in lots of different ways. Painting on a computer and on paper are different. I can say which I prefer.
