History

Seaside

What should I already know?

I already know about the seaside from seeing pictures and maybe visiting. I have played in the sand in Year R. In Year 1 I have learned about Queen Victoria and what toys Victorian children played with.

Vocabulary

beach	Land by the coast next to the sea
seaside	An area by the sea where people often go on holiday
present	something happening now
past	something that already happened
Victorian	A time period when Queen Victoria ruled Britain over 100 years ago
bathing machine	A hut on wheels where Victorian people changed into their swimming costumes.
promenade	A path for walking on next to the sea
pier	A raised walkway over water.

1. How do we use pictures to find out about the past?

Paintings and photos help us enquire about the past. They show us what life was like. Victorians enjoyed spending time at the seaside.

2. What is the seaside like now and how is this different from the past?

In the past Victorians sea bathed, not sunbathed. They stayed in the UK because they travelled by train, not plane. Some beaches separated men and women.

3. What did Victorian people do at the beach?

Victorian people thought the seaside was good for them. They watched puppet shows, went for donkey rides, paddled in the sea and walked on the promenade.

4. How has the seaside changed from Victorian times to now?

Victorian

Grandparents

Now

Many things about the seaside are the same. We still enjoy paddling, ice cream and playing in the sand. BUT we now travel further to find the sunniest places.

5. Can you identify how seaside holidays have changed over time?

I know how seaside holidays have changed over time. I can explain this by saying what is the same and what is different.
