

Glenfield Infant School Knowledge Organiser

Year 2—Autumn 1

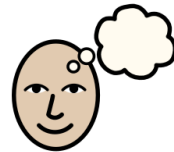

RSHE

Me and my relationships

What should I already know?

Why we have classroom rules.
How to show we are listening well.
Different ways to share our feelings.
What to do if our feelings are hurt.
What makes a good friend.

1. What would our ideal classroom be like?

We thought about what would make our class ideal.

We made pledges to help make our class happy and safe.

I can help to make our ideal classroom by following the pledges we have made.

4. How can you be a good friend?

Good friends mostly do:

Share their things

Look after each other

Are kind

Notice if someone is left out or lonely

Help each other with their work

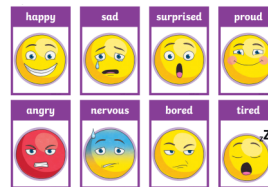

Good friends show special qualities,

Vocabulary

happy	Feeling pleased or glad
safe	Feeling secure and out of danger or harm
caring	Showing kindness and concern for others
feelings	Emotions that we experience
help	Assist someone to achieve
friendly	Showing kindness to others
bullying	The repeated and intentional harm of a person
repeated	Done again and again

2. How are you feeling today?

We learned about **different feelings** and how to name them.
We learned how to **respond positively** to different emotions.

We all show feelings in different ways. This is okay. We can respond with understanding.

5. Do you know when a behaviour is bullying?

Sometimes people are unkind. Here are some unkind behaviours:

Being called names or teased.

Being threatened or intimidated

Being hit, kicked or physically hurt.

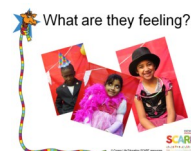

Being ignored and left out.

Bullying is different to being unkind as it is **repeated**—again and again. **Not everyone will get bullied.**

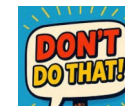

3. How can we help everyone to be happy?

Some things can make us feel **unhappy** and other things make us feel **happy**. These are both **normal feelings**.

I know how to get help if I am upset. I know how to help someone else whose feels unhappy.

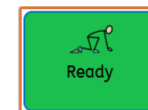

6. How can I deal with bullying?

Tell them it is not okay

Talk to a teacher

Ready

Respectful

Safe

Bullying is not okay. Seeking help and speaking up is important. We **all** follow our Glenfield Rules.
