COLLECTIVE WORSHIP POLICY

The Policy represents a shared view of the aims and objectives for Collective Worship in our school.

As a Church of England Aided School, worship is central to the life, ethos and purpose of the school.

The overall aim of the Policy is to clearly define the nature and purpose of worship within our school and to make explicit, the means by which we engage and involve children in the daily act of worship in a relevant and meaningful way.

Foundation Governors

The school has been held on a Church of England Trust since 19th Century.

The Foundation Governors therefore have a particular role in the arrangements for school worship and will be actively involved in policy making and in guiding and monitoring the quality of worship within the school.

The school has Foundation Governors who have a responsibility to preserve and develop the Christian character of the school as set out in the Ethos Statement.

The School's Aims for Worship

Worship will be:

- Inclusive and invitational
- Curricular

- **Provide opportunities for parents to participate in worship**
- **Welcome visitors or members of the local community as contributors to worship**

The Atmosphere for Worship

The atmosphere for school worship will be:

Peaceful and calm

- **Children enter worship with spiritual music playing and are encouraged to enjoy stillness or are invited to silently read a scripture verse or prayer on the board as they enter. They leave Worship quietly**
- **Children causing distraction to others will be asked to sit with the teacher**
- **Children will be taught to understand that this is an important time together and to appreciate the reflective nature of the worship**
- **The adult leading the collective worship will be organised, well prepared and ready at the front of the hall before children arrive**
- **To signify the start of worship the altar candle will be lit**
- **There will be a focus at the front to draw the children's attention and encourage thought and reflection (e.g. pictures, special or everyday objects)**

- Notices/information to be given out will take place after the worship element of an assembly, drawing a clear distinction between the two purposes of the assembly

Collective Worship at Goring

Our Collective worship at Goring is clearly and effectively planned on an established 2-year cycle with key liturgical celebrations built in. Our Collective Worship identifies the key elements of:

<p style="text-align: center;">Gathering</p> 	 <p style="text-align: center;">Engaging</p>	<p style="text-align: center;">Responding</p> 	 <p style="text-align: center;">Sending</p>
<p style="text-align: center;">We gather as a community, to prepare our hearts and minds to meet with God.</p>	<p style="text-align: center;">We engage with Scripture - with the big and little things in life. We encounter Jesus through stories of the Bible and we listen to God's message and think about how it might apply to our lives.</p>	<p style="text-align: center;">We respond to what we have heard and seen through prayer, stillness, silence and reflection. We are invited to worship God in different ways.</p>	<p style="text-align: center;">We are sent out to love and serve one another and to make a difference in the world. We leave with God's blessing.</p>

Collective Worship is central to our respectful, caring and inclusive community. All members of our school community, of different faiths or none, attend whole school worship, feeling included and affirmed in both formal and informal opportunities for prayer, reflection and worship.

The Anglican Tradition

We will ensure that worship focuses on the faith and practice of the Church of England (essential features of Anglican prayer and worship) by:

- Using Scripture as a source of inspiration and learning
- Including traditional features of the Anglican tradition ie teaching, reflection, prayer, music and hymns
- Reflecting on Christian symbols and their use in worship ie the cross, the candle
- Taking account of the cycle of the liturgical year in a way that is relevant and meaningful for our children (including major Christian festivals)
- Maintain and improve our Church/School links by regularly visiting the Church as part of RE curriculum studies as well as holding child led services every term

- Displaying or making a collection of prayers and hymns to include in acts of worship
- Learning traditional responses and the Our Father
- Inviting members of other Christian denominations to lead worship
- Welcoming all pupils of whatever faith or none and celebrating shared and diverse values and beliefs

The Bible

We will develop children's understanding that the Bible is central to worship by:

- Ensuring that the Biblical input (e.g. carefully chosen verses and stories, bible characters, selected readings), is relevant and meaningful to the worship
- Demonstrating clear purpose for including Bible passages – to enhance the worship or theme, give context to worship, to develop children's awareness of how Christians use the Bible
- Recognising links to the RE curriculum and building on them
- Using the Bible appropriately during worship – at the beginning to set the context, in the middle to expand the focus of worship or provide contrast to the chosen method of delivery, refocusing thoughts, at the end to draw together the threads of worship

Planning for use of the Bible

- The worship co-ordinator (Headteacher), with support from the incumbent will provide the long term plan (framework) for worship, to include appropriate use of the Bible for a range of purposes
- The vicar or curate leading the collective worship will know the planned provision for worship and will be responsible for his/her weekly assembly, including use of Scripture
- Children will be given opportunities to deliver readings at a level appropriate to their age or stage of development and will be given time to prepare

The Eucharist

“Agape Meals”, inviting children to reflect on the meaning of the Eucharist and God's agape love, and to share symbolic food together, have been held at school termly since 2017.

We continue to develop the active involvement of children in collective worship through the creation of a pupil-led Liturgy Team drawn from those pupils who have taken First Holy Communion. Pupils led their first Agape Meal in November 2023.

Parents of Key stage 2 children are consulted during the Spring Term and if they wish their children to prepare for first Holy Communion, children undertake a course of preparation lessons led by the incumbent.

Prayers

We will encourage children to explore the experience of prayer by:

- Including and inviting children in prayer in all acts of worship, through thought and reflection, as listeners, through traditional response, as readers and in using 'set prayers' learned by all e.g. the traditional format of The Lord's Prayer
- Discussing traditional postures for prayer and the element of personal choice
- Developing children's understanding of the flexibility of prayer-that individuals may pray in different ways
- Developing links with the RE curriculum-knowing, understanding and respecting that people of different faiths have different practices and traditions
- Providing opportunities to learn about the significance of prayer to different people-members of the school community (children and adults), the Church and the wider community
- Making links between prayer and everyday life-asking for help, giving thanks, expressing repentance (which may be individual), and sharing enjoyment
- Making class and school collections of prayers written by children (or scribed by teachers)
- Including prayer in the classroom, at different time of the day – lunchtime (grace) and home time
- Develop 'school prayers', learned by the children and used at relevant times during the school year e.g. end of term, beginning of the school year
- Using artefacts in and around school, which aid reflection – candles, crosses, displays
- Encouraging weekly invitational activities or 'challenges' for reflection, encouraged on our altar table- where pupils may wish to write and display prayers for all to read

Hymns and Music

Hymns and music are greatly valued by the school as an integral and essential element of worship, providing the opportunity for the school community to join together in praise and celebration.

We will ensure that children appreciate the purpose and value of hymns by:

- Providing regular opportunities to learn and practise the hymns or songs we choose to include in worship, to ensure quality participation
- Ensuring that hymn practice sessions include elements of worship, such as readings, or times for reflection
- Encouraging participation by all by carefully selecting hymns to appeal to children of differing ages and abilities
- Using strategies which will allow participation by younger or less able pupils eg younger children joining in the chorus, the overhead projector to display words
- Building up a repertoire that reflects the range of traditions of Christian worship

We will ensure that music is used purposefully by:

- Being organised and prepared with music ready prior to the collective worship

- Ensuring that worship leaders follow the same routine so that children know what is expected of them ie listening, sitting quietly
- Carefully select music to play as the children enter and leave, to enhance the calm and peaceful atmosphere of worship
- Using the music as a focus for children's attention on entering
- Inviting musicians to play – enriching and enlivening the worship though a variety of musical expressions
- Providing opportunities for children to use and celebrate musical talents – playing as children enter or leave, accompanying hymns, playing at the end of assembly for children to listen to and appreciate
- Providing opportunities for children to compose their own music or their own words to a familiar hymn tune
- Build up a repertoire and lists of suitable music to be played at different times or occasions

Dance and Drama

Dance and Drama provide the opportunity for children to express themselves in a creative and imaginative way and may be used to:

- Tell stories from the Bible
- Represent characters from the Bible
- Represent story book characters or those from real life
- Show how a person may be feeling

Dance and Drama will be:

- Relevant to the worship
- Prepared in advance (a short practice or rehearsed piece)
- Engaging to the children watching

Planning for Worship
