

Anti-Bullying week 2022

On Thursday 24th November, Richard from the 'The Stay Safe Initiative' ran anti-bullying workshops for all pupils in Year 1 to Year 6.

This year, the anti-bullying week theme was 'Reach Out... What, Why, When and How'. Click on the image below to open a link to find out what pupils from around the country think of this theme.

#ANTIBULLYINGWEEK

During the workshops, pupils were given opportunities to consider; what bullying is, how to seek help if they or someone they know is being bullied and how to support someone that they know who is being bullied.

The children were also supported to understand who the trusted adult are that they can seek support from for themselves or others.
