

In September, we welcomed Andy Blayney from the Dogs Trust to our school.

Andy delivered an assembly to our pupils from Year 2 to Year 6 where he discussed with our pupils ways in which they can keep themselves safe around dogs that they do and do not know.

Andy then spent two days visiting our classrooms to deliver workshops to our pupils around dog safety and caring for a dog.

The Dogs Trust do a fantastic job supporting the welfare of dogs in the UK from education for owners to rehoming.

We are very grateful for Andy's visit and know that our children learnt a lot from this.
