# Fire Safety Talk

---

During the Autumn term, we welcomed Davina, the Education Officer from the Dorset & Wiltshire Fire Service to our school.

Davina visited classes in Reception, Year 2 and Year 5 and discussed with the children how to stay safe if they came across a fire. Learning included: what to do in the event of finding a fire/hearing an alarm, how to find a place of safety and who to report to.

We are grateful for the time that Davina took to visit our school and educate our pupils on fire safety. A workshop enjoyed by all children where lots of learning took place!
