

Welcome to Bug Busting

advice on head lice, working with

NHS Health Scotland and **NHS Choices**

Co-ordinating bug busting days across the country
can help to prevent head lice circulating.^{1,2}

Introduce the families with children at your school to the simple skill of **Bug Busting®**.

Families succeed using the uniquely comfortable and efficient bevel-edged
mini **Bug Buster®** comb – packed with the correct instructions.

They cost as little as 53p to 98p each (inc. VAT)

depending on the quantity (multiples of 50 only).

Using metal nit combs instead is not recommended.^{1,2}

When families check the Bug Busting way together, and then check again that any
treatment choice has worked, it cuts the cost and stigma of head lice.³
