Recommended Revision Guides

Collins GCSE AQA revision guides - £4.50 from your mathematics teacher

Corbett Maths revision cards - £6.50 from your mathematics teacher

Revision Tips

Revision for Mathematics is based upon practice (and more practice). You need to be confident at the skills and concepts that make up the course in order to be able to work through the more challenging problems. Revision should be interactive, not just reading notes

Below are the Mathswatch 6 week revision guide plans for students to follow the tier they will take in December via Corbett Maths

A potential plan of action would be

- Work through the plans below watching the relevant videos (try the one minute videos first and if you do not understand then watch the longer videos)
- Attempting the interactive questions if needed
- Work through maths problems and past papers.
- Do not just read your notes/revision guides as you need to practice your Maths skills.

Additional Papers, Questions and Advice will be placed into this area throughout the coming months -
