

Subject: A Level Biology**Exam Board: AQA****Paper 1: 70 minute paper**

A mixture of short and long answer responses

Assessment Content

The eye

Control of heart rate

Synapses

Fertilisers and plant growth

Populations and evolution

Paper 2: 70 minute paper

A mixture of short and long answer responses

Assessment Content

Energy and ecosystems

Photosynthesis

Genetic crosses and Hardy- Weinberg

The control of gene expression

Structure of muscle

Open book: 45 minute paper

A mixture of short and long answer responses related to practical skills

Assessment Content

Response to stimuli - plant growth responses

Respiration and muscle contraction

Photosynthesis and plant pigments
