

Subject: A Level Chemistry**Exam Board: AQA**

Paper 1+2 - 2 hours – 99 marks

- 99 marks of short and medium length questions and calculations.

Assessment Content

Any content from these modules & practical skills

P1 Atomic Structure

P2 Amounts of Substance

P3 Bonding

P5 Kinetics

P7 Oxidation, Reduction and Redox Reactions

I8 Periodicity

O13 Halogenoalkanes

P17 Thermodynamics

P18 Kinetics

O25 Nomenclature and Isomerism

O26 Compounds Containing the Carbonyl Group
