Revision Tips

1. You must read the question – common mistakes are when you are asked ‘To use the figure and your own understanding; You must use both!
2. BUG the question - Box the command word, Underline the issue and glance for other key words.
3. Answer the questions using PEEL – Point, Evidence, Explain and Link.
4. To answer graph questions – use TEA: Trend, Example and Anomalies.
5. Remember to focus on **key terms** in your revision- a question may have a specific key term in it. If you do not know the key term you will not be able to answer the question!
6. Try and remember **key Geographical case studies** so you can use the examples in your answers.
7. **Find the revision style that works best for you!** -mind maps/crunch notes.
8. **Practice, practice and more practice!** Exam Questions and mark schemes on AQA website
9. Use the **Scaffolding** support sheets on how to answer 12 and 20- mark questions.
