

BTEC

**Health and Social
Care**

Overview of the course

- This is a two year course.
- It is equivalent to one GCSE and the students will be awarded a pass, merit or distinction.
- There are three components, two are taught/assessed in year 10 and one is taught/assessed in year 11.

Overview of the course

Component Number and Title	Assessment
1: Human Lifespan Development	Controlled assessment (school based)
2: Health and Social Care services	Controlled assessment (school based)
3: Health and wellbeing	External exam (2 hours)

How is the course assessed?

- Component 1: 4 tasks spread over the first term of year 10
- Component 2: 5 tasks spread over the second/third terms of year 10
- Component 3: 1 external exam sat at the end of year 11

Knowledge

- What growth and development occurs during different life stages
- Factors that can affect growth and development
- Types of services
- Barriers to accessing services and how they are overcome
- Use of diagnostic results (BMI, peak flow and blood pressure)

Skills

- Reading and analysing case studies
- Application of theory to real world examples
- Linking test results (BMI, peak flow and blood pressure) to physiological disorders

Potential next steps

- The BTEC can be a springboard to a level 3 qualification in an appropriate vocational discipline.
- BTEC health and social care (level 3)
- Nursing apprenticeships
- T-levels

Thank you for your
time.
