

History Revision List Summer 2026

Exam information:

You will sit a full exam for **both** Britain and Germany (two separate exams). Each exam will last **2 hours and 30 minutes**. On **both** exams you will answer:

- **One** source/interpretation question
- **Two** 'assess the validity' questions from a choice of three.

Both exams are fully closed book, and no revision notes will be permitted. You should use your booklets, textbooks and links below to revise.

Below are the topics you should revise. Remember your knowledge should be specific (ie dates, stats, locations, names etc...). You should also understand the bigger picture of each topic and period, so it is recommended you read around these topics on top of your specific revision.
