

## Edexcel A Level Geography 2022

### Unit 4A PLC Revision Tracker

Regenerating Places – Remember to revise all content from the specification, however these are the topics to be specifically examined on in Paper 2.

Key Idea	Topic Paper 2	RAG	Date Revised	Date Reviewed
4A.1.b	Explain how variability in economic activity is reflected in variations in health, life expectancy and levels of education.			
4A.2.b	Explain how changes in place can be a result of physical factors.			
4A.2.b	Explain how changes in place can be a result of accessibility and connectedness.			
4A.2.b	Explain how changes in place can be a result of historical development.			
4A.2.b	Explain how changes in place can be a result of local and national planning.			
4A.2.c	Understand that changes in place can be measured by using employment trends, demographic changes, land use changes and levels of deprivation.			
4A.3.a	How regional and national influences have shaped the characteristics of your place.			
4A.3.a	How representing your place in different forms can give different representations of your place.			
4A.3.a	How the lives of students and locals are affected by both perceived change in place and real change.			
4A.3.c	Consider how economic and social change in your place has influenced people's identity.			
4A.7.a	How does investment in infrastructure such as high speed rail links or airport development maintain growth and improve accessibility for regeneration.			
4A.7.b	Understand different types of development affecting growth in urban and rural areas (planning laws, house building targets, housing affordability, permission for 'fracking')			
4A.7.c	How UK government decisions on migration and market deregulation is impacting potential growth on direct and indirect investment.			
4A.8.a	Local government role in advertising their place as an area of investment including designating specific areas for development.			
4A.11.b	Judge how national and local strategies have changed urban areas using a range of social, economic, demographic and environmental variables.			
4A.11.c	Explain the differing criteria of success that different stake holders will use to judge urban regeneration.			
4A.11.c	Understand that the measures of success will depend on the impact of change on the image and reality on the place as well as the lived experience of the place.			
4A.12.b	Judge how national and local strategies have changed rural areas using a range of social, economic, demographic and environmental variables.			
4A.11.c	Explain the differing criteria of success that different stake holders will use to judge urban regeneration.			
4A.11.c	Understand that the measures of success will depend on the impact of change on the image and reality on the place as well as the lived experience of the place.			

#### Note to all students

Whilst the exam board have highlighted that these will be the topics specifically asked about on the exam papers in the summer, a wider understanding of the full specification is almost certainly going to be necessary for top marks. This is intended to focus your revision, not be a complete specification guide.
