Results should be collected in person ideally by the student themselves. If this is not possible and someone will be collecting on the student's behalf, please be aware that any representative collecting the results will need a letter of authorisation\* from the student and photo ID of their own. Results cannot be released without this.

If a student is unable to attend in person and would prefer to have results posted to their home address; please send a self-addressed envelope for the attention of Miss Delmont in the Exams Office. They will be dispatched on the same day of candidate release of results.

The results you will be given on this date are not certificates. You will receive further information about certificates.
