

Greafields Primary School

February Newsletter

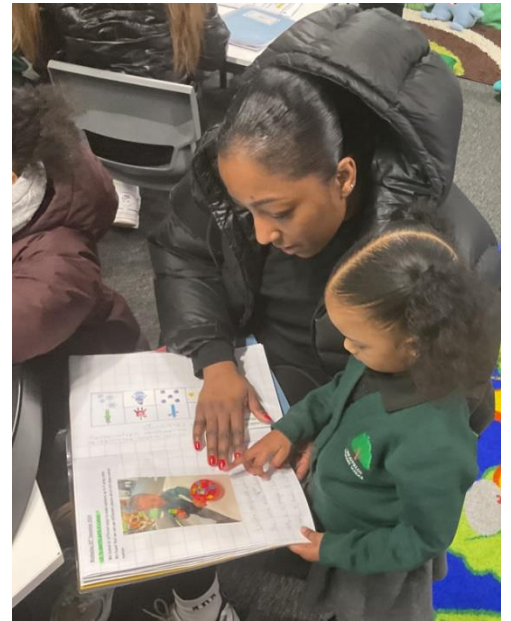

Pupils have been busy learning to identify which amount is greater! They have been comparing different groups and using their mathematical understanding to determine which one represents a larger amount.

We Oak class practicing writing their names with chalk! They have started with a capital letter and are forming their letters the right way around. So proud of their progress!

We have been reading the Gingerbread Man and writing step-by-step instructions on how to catch him using time connectives like first, next, and finally!

Thank you to all our parents who attending our book look. It is always fantastic to share our achievements!

In PSHE, we've been reflecting on all the progress and achievements we have made since our first day at Greatfields Primary. We have accomplished so much! Well done to everyone for showing resilience and always giving their best effort!

The children at Chestnut Nursery School @ Greatfields have been having a busy month settling into nursery! The children have been exploring all the areas in their new classroom, meeting their new friends and practitioners as well as celebrating Valentine's Day!

Meet our African Land Snails!

We have recently welcomed African Land Snails to our collection! These snails will help children learn how to care for living creatures while enhancing their communication and language skills through discussions about what they observe, using a rich vocabulary.

We would love your help in naming them! Send your suggestions to our email!

NEW Stay & Play at Greatfields
