Part A: Pupil premium strategy plan

Statement of intent

- We allocate Pupil Premium funding following a careful needs analysis which identifies priority groups or individuals.
- We recognise the importance of quality first teaching above all other interventions and initiatives.
- We ensure that the best possible provision is made for pupils who belong to vulnerable groups, following careful assessment of need.
- We recognise the importance of early intervention in working with socially disadvantaged pupils.
- We use the funding to accelerate pupils' progress and assist them in reaching age-related expectations and above.
- We recognise the importance of emotional and mental wellbeing and prioritise this as a first step to supporting disadvantaged children.
- Pupils who are assessed as falling behind are tracked more closely by senior leaders.
- We track, monitor and evaluate the impact of funding on pupils' outcomes and staff deployment.
- We report to the Trust promptly and accurately on the progress made by pupils in narrowing the gap against non-disadvantaged pupils nationally.

Our Strategies

1. Whole-school ethos of attainment for all
2. Addressing behaviour and attendance
3. Quality First teaching for all
4. Meeting individual learning needs
5. Deploying staff effectively
6. Respond to data and evidence
7. Clear, responsive leadership

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Increased gap in attainment in writing due to impact of Covid-19 pandemic and school closures and attendance.
2	Increased gap in attainment in reading in KS2 due to impact of Covid-19 pandemic and school closures and attendance.
3	Increased persistent absenteeism due to impact of Covid-19 pandemic and school closures and attendance.
4	Increased gap in attainment in oracy and communication skills due to impact of Covid-19 pandemic and school closures and attendance.

5	Increased gap in school readiness linked to social, mental health and emotional wellbeing needs due to impact of Covid-19 pandemic and school closures and attendance.

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account.

Impact

Attendance

Although attendance in 2020/21 was lower than in the preceding 3 years it was higher than national averages. In the Autumn term of 2020 absence among disadvantaged pupils was higher than their peers, the actions taken has resulted in much improved attendance. And has continued to remain above national averages for all pupils into Autumn 2021.

Pupil Wellbeing

Internal assessments and observations indicated that pupil behaviour, wellbeing and mental health were significantly impacted last year, due to Covid-19 related issues. The use of pupil premium funding to provide wellbeing support for targeted pupils and all pupils resulted in most pupils ready to engage and learn. This has had positive impact on attainment. Internal data (NTS & NGRT) indicates that pupils in KS2 are on

track and "closing gaps". The year group most impacted are Y2 and this is a key focus for the next academic year.

Reading

There has been a relentless focus on reading and the provision for reading including the development of teaching phonics. This will continue. Early assessments are indicating that this has had positive outcomes. As a result, 88% of pupils passed the

phonics screening check in Y2. The development of the teaching of synthetic phonics remain a key focus.

Mathematics

The school bought into a mastery mathematics curriculum to support the teaching of mathematics. CPD for teachers has been paramount to the success of the launch. This will continue to remain a focus.

Curriculum Development

The school focused on the development of a coherent, connected and cumulative curriculum. A curriculum designed to give children a strong sense of their own identity and their place in the world. It is knowledge rich and relevant allowing our pupils to achieve academic excellence, practice social intelligence and live ethical lives. As a result of the curriculum development work and CPD on pedagogical understanding teachers have been able to continue to deliver a broad curriculum but face to face and online.

Additional activity

Our pupil premium strategy was supported by the Summer HAF project where over 260 children accessed summer holiday provision. The focus was to provide two healthy

meals a day and activities which would promote physical and emotional wellbeing. As a result of the four-week long project many disadvantaged and vulnerable pupils returned to school in September ready to engage and learn and have continued to do so.
