

End of Reception Results

A Good Level of Development is a national measure by the end of reception that indicates whether a pupil is demonstrating the expected levels in the Prime Areas of Learning (communication and language, physical development and personal, social and emotional development) and maths and literacy.

Year 1 Phonic Screening Check

The Phonics Screening Check is an assessment to confirm whether a pupil has learnt phonic decoding to an appropriate standard. It identifies the pupils who need help and support with their reading skills. Pupils will retake the test in year 2 if they did not reach the required level.

	2013	2014	2015	2016	2017

Key Stage SATs results for 2016 and 2017

The SATS tests in 2016 are no longer reported as levels. Instead, the results are reported as scaled scores, ranging from 80 to 120, for individual pupils and groups. Schools are judged on the percentage of pupils working at the expected level (a score of 100 or more on the scaled score) or at a higher level - known as greater depth in maths (a score of 110 or more on the scaled score).

Progress

Progress is calculated by comparing pupil's achievements with the achievements of other pupils nationally who had a similar starting point (prior attainment). Where a school has a progress of 0 pupils achieved similar results.

	2016	2017
Reading School	0.0	+0.3

Maths School	+1.7	+2.8
Writing School	-0.3	-0.3

Most schools will have progress scores between -5 and + 5.

If a school has a progress score of 0 this means that on average their pupils achieved similar results at the end of KS2 (end of year 6) to pupils in other schools with similar results at the end of KS1 (end of year 2).

If a school has a positive progress score this means that on average their pupils made more progress than pupils in other schools with similar results at the end of KS1.

A negative score does not mean that a school has failed or pupils have made no progress. It just means that on average their pupils have made less progress than in other schools with similar results at the end of KS1.
