

WHOLE SCHOOL DATA (validated)

End of Reception Results

A Good Level of Development is a national measure by the end of reception that indicates whether a pupil is demonstrating the expected levels in the Prime Areas of Learning (communication and language, physical development and personal, social and emotional development) and maths and literacy.

	2016	2017	2018	2019	2022	2023
Greet	55%	54%	66%	69%	24%	62%
National	69%	71%	72%	72%	65%	67%

Year 1 Phonic Screening Check

The Phonics Screening Check is an assessment to confirm whether a pupil has learnt phonic decoding to an appropriate standard. It identifies the pupils who need help and support with their reading skills. Pupils will retake the test in year 2 if they did not reach the required level.

	2016	2017	2018	2019	2022	2023
Greet	80%	90%	83%	83%	77%	75%
National	81%	81%	83%	82%	75%	79%

Year 4 Multiplication Check (MTC)

The multiplication test was introduced for the first time in June 2022. The purpose of the MTC is to determine whether pupils can recall their times tables fluently, which is essential for future success in mathematics. It will help schools to identify pupils who have not yet mastered their times tables, so that additional support can be provided.

	2022	2023
Greet	85%	68% (score of 22 +) 75% (score of 20 +)

Key Stage SATs results

The SATS tests are reported as scaled scores, ranging from 80 to 120, for individual pupils and groups. Schools are judged on the percentage of pupils working at the expected level (a score of 100 or more on the scaled score) or at a higher level - known as greater depth in maths (a score of 110 or more on the scaled score).

KS1

	% working at expected					% working at greater depth

Reading National	104	105	104	105	105
Maths School	105	104	107	104	103
Maths National	104	104	105	104	104
GapS School	108	108	111	104	106
GaPS National	106	106	106	105	105

Progress

Progress is calculated by comparing pupil's achievements with the achievements of other pupils nationally who had a similar starting point (prior attainment). Where a school has a progress of zero pupils achieved similar results.

	2017	2018	2019	2022	2023
Reading School	0.3	1.1	2.7	-1.2	-1.0
Maths School	2.8	1.1	2.8	-1.2	-4.1
Writing School	-0.3	2.2	1.7	0.6	-1.0

Most schools will have progress scores between -5 and + 5.

If a school has a progress score of zero this means that on average their pupils achieved similar results at the end of KS2 (end of year 6) to pupils in other schools with similar results at the end of KS1 (end of year 2).

If a school has a positive progress score this means that on average their pupils made more progress than pupils in other schools with similar results at the end of KS1.

A negative score does not mean that a school has failed or pupils have made no progress. It just means that on average their pupils have made less progress than in other schools with similar results at the end of KS1.
