

# Business Continuity Plan

<b>Committee:</b>	<b>Trust Board</b>
<b>Approved on:</b>	<b>June 2021</b>
<b>Next review date:</b>	<b>July 2023</b>
<b>Updated/Reviewed on:</b>	<b>January 2022</b>

## 1.1 Background Information

Esprit Multi Academy Trust is required by the Department for Education to develop plans to manage business continuity in the event of a range of disruptions to services. Most recently we have responded to the Covid 19 Pandemic and the need to partially close and reopen our schools.

No-notice disruptions are, by definition, impossible to predict. This plan deals with the ones most likely to occur:

- Global pandemic – Coronavirus
- loss of premises (through fire, flood etc.)
- loss of utilities (electricity, gas, water, fuel)
- failure of IT and telephony
- staff shortage

The impact of any serious disruption may manifest itself in terms of: delivery of education, safety/welfare, financial consequences; reputation damage; environmental consequences.

## 1.2 Aim of Plan

The aim of this plan is to use learning from recent events, provide guidance and support to enable our academies to tackle the impact of severe disruptions due to a variety of unlikely, but credible, causes, with the following objectives.

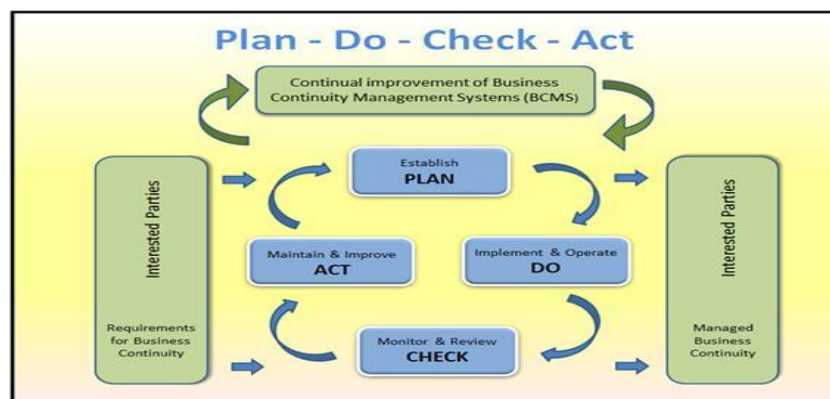

## 1.3 Objectives of Plan

The plan is designed to achieve the following strategic objectives:

- To safeguard the safety and welfare of pupils, staff and visitors;
- To resume provision of education services at the earliest opportunity and, where possible, secure a continuation of learning;
- To maintain the community and identity of the Trust;
- To return the Trust to normality.

## 1.4 The Plan-Do-Check-Act (PDCA) Model

The International standard applies the “Plan-Do-Check-Act” (PDCA) model to planning, establishing, implementing, operating, monitoring, reviewing, maintaining and continually improving the effectiveness of the organisation.

<b>Plan</b> (Establish)	Establish Business Continuity policy, objectives, targets, controls, processes and procedures relevant to improving Business Continuity in order to deliver results and align with the organisations overall policy and procedures.
<b>Do</b> (Implement and operate)	Implement and operate the Business Continuity policy, controls, processes and procedures.
<b>Check</b> (Monitor and review)	Monitor and review performance against Business Continuity policy and objective, report the results to management for review, and determine and authorise actions for remediation and improvement.
<b>Act</b> (Maintain and Improve)	Maintain and improve the BCMS by taking corrective action, based on the results of management review and reappraising the scope of the BCMS and Business Continuity policy and objectives.

### 1.5 Related Plans and Procedures

This plan should be read in conjunction with the academy's other evacuation plans and emergency procedures that deal with the immediate response to an emergency situation, including;

- Fire Evacuation Procedure
- Invacuation procedure
- Home working policy
- Recovery planning
- Individual School Risk assessments

### 1.6 Plan Review and Testing

This plan should be reviewed for currency and accuracy every 2 years or in the event of significant structural or organisational change.

### 1.7 Business Continuity/Emergency Grab Bag

Our emergency grab bag is virtual on 'Drop box' as this is where all shared information is stored.

**SECTION 2: PLAN ACTIVATION**

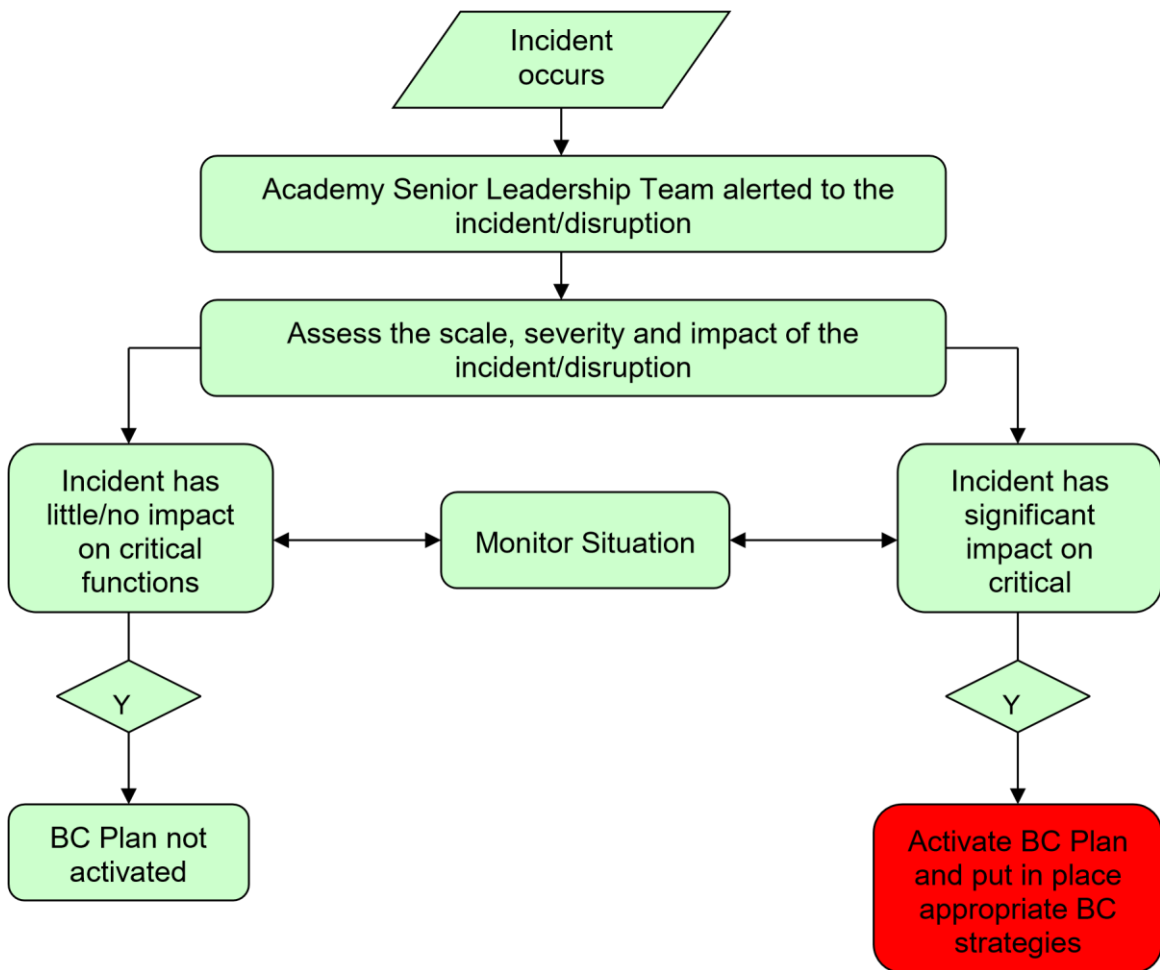

**2.1 Circumstances**

This plan will be activated in response to an incident causing significant disruption to the academy, particularly the delivery of key/critical activities.

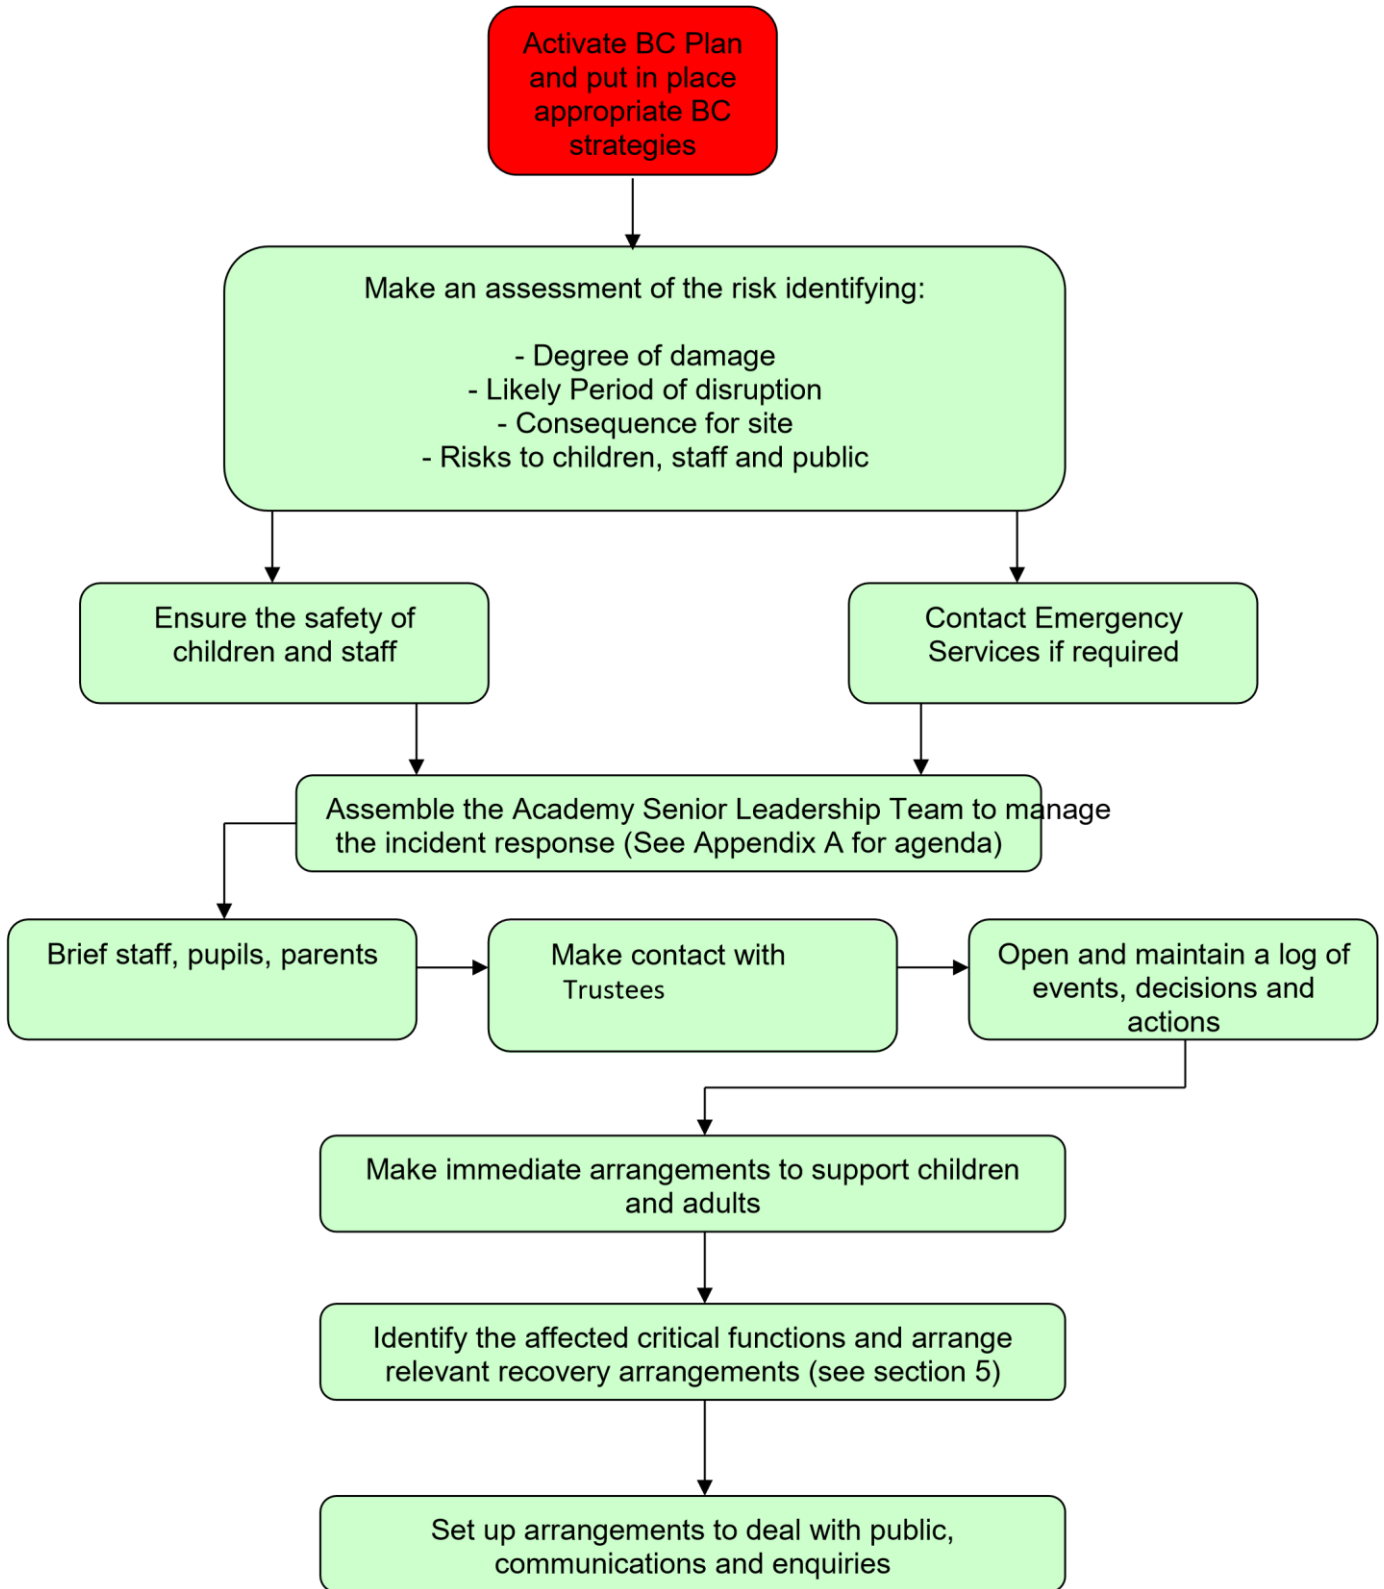

**2.2 Responsibility for Plan Activation**

The responsibility for implementing this plan lies with the Academy Principal or, if not available, a member of the Academy Senior Leadership Team.

**2.3 Activation Process**

3.1 Incident Response

### 3.2 Roles and Responsibilities

The Executive Principal, in conjunction with the Academy's Senior Leadership Team will delegate Business Continuity Roles and Responsibilities. A guide on the roles and responsibilities we use during a Business Continuity incident is described below.

Role	Responsibilities	Accountability / Authority
Executive Principal	<ul style="list-style-type: none"> <li>• Responsible owner of Business Continuity</li> <li>• Management in the Trust</li> <li>• Ensuring the Trust has capacity within its structure to respond to incidents</li> <li>• Determining the Trust's overall response and recovery strategy</li> </ul>	The Executive Principal has overall responsibility for day-to-management of the Trust, including lead decision-maker in times of crisis.
Chief Finance Officer	<ul style="list-style-type: none"> <li>• Business Continuity Plan development</li> <li>• Training staff within the Academies on Business Continuity</li> <li>• Embedding a culture of resilience within the Trust, involving stakeholders as required</li> <li>• Developing continuity arrangements and strategies e.g. alternative relocation site, use of temporary staff etc.</li> <li>• Involving the Trust community in the planning process as appropriate</li> <li>• Plan testing and exercise</li> <li>• Conducting 'debriefs' following an incident, test or exercise to identify lessons and ways in which the plan can be improved</li> <li>• Organising and reporting on sites</li> </ul>	Chief Finance Officer reports directly into the Executive Principal and will usually be a member of the Trust Incident Senior Leadership Team.
Trust Senior Leadership Team consists of;  Executive Principal Chief Finance Officer Estates and Procurement Manager Principals Academy Business Managers Deputy Principals	<ul style="list-style-type: none"> <li>• Leading the Trust's initial and ongoing response to an incident in a consistent way</li> <li>• Declaring that an 'incident' is taking place</li> <li>• Activating the Business Continuity Plan</li> <li>• Notifying relevant stakeholders of the incident, plan activation and on-going response actions</li> <li>• Providing direction and leadership for the whole Trust community</li> <li>• Undertaking response and communication actions as agreed in the plan</li> <li>• Prioritising the recovery of key activities disrupted by the incident</li> <li>• Managing resource deployment</li> <li>• Welfare of Pupils</li> <li>• Staff welfare and employment issues</li> </ul>	The Trust Senior Leadership Team has the delegated authority to authorise all decisions and actions required to respond and recover from the incident.

**SECTION 4:****BUSINESS IMPACT ASSESSMENT**

For the purpose of this plan, the strategic critical function of the Trust is stated as:

**‘The provision of educational services to its registered pupils, including a safe and secure environment in which to learn.’**

In a business continuity context, the following functions are intended to achieve the strategic aim. Some activities will be more critical than others, and each academy will risk assess their critical activities and a realistic recovery time objective of when the service or function can be restored. We will review risk assessments regularly and report to Trustees. The risk assessment will be linked to the type of critical incident we are facing and the template we use will amend its headings accordingly. Some common prompts to help define our planning is outlined below.

<b>Critical Function</b>	<b>Description</b>
Teaching Staff	The provision of a suitable number of qualified teaching staff to deliver the National Curriculum.
Support Staff	The provision of suitably qualified and experienced support staff to assist in the education of pupils and running of establishment services.
Safe and Secure Premises	The provision of suitable, safe and secure accommodation to enable the delivery of education and to meet duty of care and health & Safety requirements etc.
Disease transmission	Provision of handwashing/ other facilities to maintain high standards of hygiene
Catering Facilities and Staff	The provision of suitable catering facilities and staff to enable preparation of school meals.
Utilities - Gas	The supply of gas to enable the heating of premises and preparation of school meals etc.
Utilities – Water	The supply of water for drinking and general usage including flushing of toilets, preparations of meals etc.
Utilities - electric	The supply of electricity to enable ICT systems to run, lighting of premises etc.
Provision of IT	The provision of IT to deliver education and to enable the establishment to run smoothly.
Provision of home learning	The provision of remote learning and/or paper packs to ensure pupils continue to learn
Safeguarding	Maintaining eyes and ears on vulnerable children to quickly identify if intervention is needed
Keeping of suitable records	The keeping of suitable records in relation to staff/pupils and general administrative functions within an establishment.
Provision of cleaning contractors	The provision of suitable numbers of cleaners to carry out general cleaners to carry out general cleaning such as toilets, waste collection and removal.

In the context of 'Business Continuity Management' a risk assessment looks at the likelihood and impact of a variety of risks that could cause a business interruption.

The Risk Assessment matrix in this plan differs slightly from that used in the assessment of corporate risk. This matrix is incorporated into the ISO22301 which is an International Standard that ESPRIT Multi Academy Trust has aligned its BC plans to. The ISO22301 is designed specifically to aid Business Continuity Management and is used by numerous private organisations and most Local Authorities nationwide.

This assessment is a structured and auditable process for identifying significant events, assessing their likelihood and impacts, and then combining these to provide an overall assessment of risk, as a basis for further decisions and actions.

Likelihood of occurrence	Indicator
1. Negligible	Slight or very small chance
2. Rare	Infrequent or exceptional
3. Unlikely	Not likely to occur or have occurred
4. Possible	Capable of happening or occurring
5. Probable	Having more evidence 'for' than 'against'. Likely to occur

**GUIDANCE:**

Each of the hazards should be scored in terms of its 'likelihood' and 'impact', which, combined, produce the 'risk' rating:

## SECTION 5: POTENTIAL DISRUPTIONS

### 5.1 Loss of Premises

Loss of premises may result from fire, flood, loss of essential utilities or the building is within an area cordoned off by emergency services. This may occur during school hours, necessitating an evacuation, or during non-school hours preventing staff and pupil's access to the building.

It is a critical function of the school to provide suitable, safe and secure accommodation to enable the delivery of education and to meet duty of care and health & Safety requirements etc. The space below should include all relevant information that would assist with recovery from a loss of premises incident.

Virtual learning: In cases of an enforced closure many school provide links through their website to learning opportunities. These together with other educational internet and paper based services provide methods for providing continuation of education provision).

*It is good practice for Schools/educational establishments to maintain contact with the local authority or governing body to help identify suitable working processes and possible alternative locations. From experiences of past Business Continuity events, alternative locations have been sought/implemented when a facility has been closed for a period of more than one week.*

Risk	Potential Workarounds	
<b>Complete loss of site</b>  <b>Risk Rating:</b>	Potential alternative sites:	1: Hamilton Academy / Grove Academy / Northwood Broom Academy 2: Home learning 3: TBA
<b>Partial loss of site</b> <b>Risk Rating:</b>	Use of one of other academy's sites within the Multi Academy Trust - Engie as part of their remit are to provide alternative accommodation to the academy  Useful information/contacts: Engie Helpdesk: 01782 233030, Stoke LA 01782 234567	
<b>Temporary loss of premises (utility failure)</b>	- Virtual learning / Alternative Site within academy group	

<b>Risk Rating</b>	
<p><b>5.2 Loss of Staff</b></p> <p>The most likely scenarios involving a significant loss of staff are industrial action, fuel shortage, outbreak of disease (eg. Pandemic influenza) and severe weather. In all of these events, there is likely to be a period of notice in which arrangements may be made to mitigate the effects.</p> <p>It is a critical function of the academy to provide a suitable number of qualified teaching staff to deliver the National Curriculum and suitably qualified and experienced support staff to assist in the education of pupils and running of establishment services.</p> <p>It is also important to consider ‘Single Points of Failure’ i.e. Premises Manager etc</p>	
<b>Risk</b>	<b>Potential Workarounds</b>
<p><b>Pandemic Flu</b></p> <p><b>Risk Rating:</b></p>	<p>A flu pandemic will occur in 2 waves, 3-9 months apart, with each wave lasting about 12 weeks. In addition to staff being off ill, you will also have staff being off to care for sick relatives etc.</p> <ul style="list-style-type: none"> <li>- Home learning</li> <li>- Alternative teaching arrangements / supply cover</li> <li>- Temporary cover</li> <li>- Hygiene precautions</li> </ul>
<p><b>Fuel Crisis</b></p> <p><b>Risk Rating:</b></p>	<ul style="list-style-type: none"> <li>- Alternative teaching arrangements / supply cover</li> <li>- Virtual learning</li> <li>- Local supply cover</li> <li>- Alternative transport arrangements</li> </ul> <p>Useful information/contacts:</p>
<p><b>Industrial Action Risk Rating:</b></p>	<p>As far as possible, without attempting to influence staff members’ legal right to take industrial action, managers should try to estimate the proportion of staff who may be available to work in order to plan work in accordance with priorities</p> <ul style="list-style-type: none"> <li>- Virtual learning</li> <li>- Alternative teaching arrangements</li> </ul>
<p><b>Severe Weather</b></p> <p><b>Risk Rating:</b></p>	<p>In the event of severe weather (e.g. snow/flooding), staff may be unable to travel to work. Employees are expected to make all efforts to reach their usual place of provide they can do so safely without putting themselves or others at risk.</p> <ul style="list-style-type: none"> <li>- Adverse weather conditions policy</li> <li>- Alternative teaching arrangements/Supply/staff from other academy</li> </ul>

### 5.3 Failure of IT/Data/Telephony

Failure of IT within an academy could be caused by a variety of reasons such as fire, flooding, power cut etc. It is important to ensure that the main server is resilient with separate power supply but if this not possible, back up arrangements should be in place.

Risk	Critical IT Systems	Workaround Options
<b>Failure of IT Server/ systems</b>  <b>Risk Rating:</b>	SIMS – Server Based PS Financials – Cloud Based Dropbox – Cloud Based Schudio Website – Cloud Based	Back up paper system for staff/child records Back up server – off site (LEAMIS support) ‘Cloud’ arrangements – Dropbox and PS Financials are both ‘cloud’ based systems
<b>Loss of Data</b>  <b>Risk Rating:</b>	<b>Critical Data</b>  - If critical data is lost, what back up options do you have if immediate access is required?	<b>Workaround Options</b>  Critical Data is stored on SIMS – this is accessible via off site back up – it is also accessible from other sites.
<b>Loss of Telephony</b> <b>Risk Rating</b>	In the event that the main landline was lost, what alternative communication methods do you have in place?  We have alternative mobile telephones at each site with the Academy Principal.	

#### 5.4 Loss of Utilities (Electricity/Gas/Water)

In the event that the Academy lost any of the utilities, what would the impact of this be and how long would the Academy continue to operate safely? All contractor contact information can be found in Section 6 of this plan.

Risk	Impact	Potential Workarounds
<b>Electricity/Gas Risk Rating:</b>	- eg. Heating system	- Additional portable heaters – ENGIE provide this
	- Catering	Contract with City Catering – they provide back up from Cromer Road kitchens
	- IT servers	Evolve & Leamis support this
<b>Water Risk Rating:</b>		
	- e.g. Drinking supply	Engie provide clean drinking water, water could be purchased / sourced from other schools
	- Sewerage	Engie responsible for this
	- Catering	City Catering responsible for this
