1. Login to game play area by clicking PLAY GAMES button on the Language Angels home page (www.languageangels.com)
2. Login with USERNAME (grovevale) and PASSWORD (hola)
3. Select how you will be playing the games (on a COMPUTER or TABLET)
4. Select your language (SPANISH)

Pick your GAME and play!

COMPLETE INVESTIGATION FROM LAST TERM
Carry out a fair test, investigating what happens to shadows when you move a light source different distances away from an object. Measure the length of the shadow (if you don't have a ruler, use a tape measure or take picture observations). A simple solid object like a food tin will do and you can use the torch off a phone if you don't have one in the house. Present your results (maybe in a table or a series of photos) and write a conclusion. What did you find? What does this show?

[PE With Joe | Thursday 4th June - YouTube](#)

[Parable of the Wise and Foolish Builders - YouTube](#)

This story was told by Jesus and recorded by Matthew in the Bible. Why did Jesus have to teach this? What were people doing? What did the wise and foolish builders learn? So, what is the message for Jesus' listeners?

Create and decorate an acrostic poem for the word 'Obedience' showing your understanding of the teachings behind the story. Mrs Mateo-Salt's group – create a short comic strip showing the key points of the story and write a sentence showing what you think the lesson is.

Go to the Y6 2020 Sharepoint and in the Documents, access the Home Learning folder. Go to your relevant spelling group and work through the powerpoint. **Make sure you run the powerpoint using the screen icon in the bottom right corner**
