

Year 2 to 3 – Explorers Mini Project

Over the Summer holidays, we would like you to complete 3 or 4 of the following activities. Be as creative as you want – the best examples will receive a prize when we return to school in September. Bring your work in on the first day back and hand to your new teacher, Mr. Bhambra or Mr. Karolski.

- Why is the ocean blue?
- How many amazing sea explorers can you find? Build a PowerPoint presentation to show all of your friends at school. Remember to include images and perhaps some videos too.
- Use purple mash to become your favourite sea explorer!
- Write a true or false quiz with fascinating facts about your chosen sea explorer.
- Create fact cards about your chosen sea explorer, top trumps style!
- Create your own explorer pack, what would you need to take with you if you went sailing around the world in your boat?
- Create your own ship using junk you will find around the house!
- Draw what you would see if you looked out to see from your boat...would you spot any islands, or animals?
- Design a sea explorer board game...sail past go, fall down the slippery planks or climb the rope ladders!
- You are an explorer. Write a diary entry of a day in your life.
- Write a story about a sea explorer who goes on an adventure.
- Make a tourist leaflet for a newly discovered island.

Don't forget to read as much as possible too!
Check out this website for age-appropriate recommendations!
