

8th October, 2020

Dear Parents/Carers,

I am writing to outline our plans for **remote learning** should your child have to isolate at home as a result of CoVid-19. We will take a tiered approach to remote education, which is outlined below. We hope that this offer for home learning is as clear as possible for parents and students alike, while at the same time retaining the quality of education we deliver in school.

Remote Learning Plan

Tier	Who is isolating?	Remote Learning
1	Individual students	Work will be set via Teams. This work will be supportive and allow students to keep up with work being completed by their classmates in school.
2	Classes/Groups	Work will be set via Teams. It may include links to online resources, PowerPoints, explanation videos, practice tasks and review quizzes or questions to check for understanding. Students should be able to slot back into lessons on their return without needing to catch up.
3	Whole Year Groups	As Level 2, and in addition, we will run some live lessons for our students to join via Teams.
4	All	As Level 3, with the school remaining open for Key Worker and vulnerable students.

We have endeavoured through this staged approach, to offer a blended approach to learning. Our experience during the first period of lock down was that by striking the careful mix of some live lesson content alongside well-structured and carefully selected online materials, students were able to continue to make great progress.

We have been testing our students carefully over the last month and have been delighted by the amount of knowledge students have remembered and understood from the lockdown period. We would like to thank you very much for your support with your child during that time.

GUISELEY SCHOOL

Students have been shown how to access their classes via Teams. If you would like any support in the use of Teams, or have further questions about our remote learning offer, please do not hesitate to contact info@guiseleyschool.org.uk.

Yours sincerely

Mrs Kirsty Cook

Assistant Headteacher
