

Year 2 - Autumn 1 - Great Explorers

Neil Armstrong having just landed on the moon off Apollo 11 (pictured below) with pilot Buzz Aldrin in 1969.

Key Facts

Ibn Battuta (1304 - 1377) - He was an explorer who travelled for nearly 30 years. He learnt about lots of different places (around 1325 - 1353).

Neil Armstrong (1930 - 2012) - He became the first person to walk on the moon. A team of people at NASA made this happen (1969).

Amelia Earhart (1897-1937) - was an American pilot famous for becoming the first woman to fly solo across the Atlantic Ocean (1937).

Francisco de Orellana (1490 - 1549) - was a Spanish soldier and first European explorer of the Amazon River (1541).
