Thank you to FROGS for organising this event

All of our children received First aid training in October and it was great to see their enthusiasm and learning for this life skill. The people who delivered the first aid sent a lovely email to say how they felt extremely welcome in our school and it was clear to see the values of our school in the children's attitude and behaviour. Thank you to Frogs for funding this opportunity

A huge Thank you to everyone who has donated to the Go fund me page for the Bickerdike family. It has been wonderful to see our school community come together to support this family. This page will remain open for the foreseeable future so please share if you are able

At our school, we are continually reviewing our approaches to ensure the best possible outcomes for all of our children, keeping a strong focus on high-quality learning every single day.

Starting the Day Right

Every morning, our teachers greet each child individually at the door. This warm welcome sets a positive tone, helps every pupil feel valued, and prepares them for a successful day of learning.

Why Pupil Conduct Matters

Positive behaviour and clear expectations are at the heart of our school community. Maintaining high standards of conduct allows us to:

- **Ensure Pupil Safety & Well-being:** Creating a calm, secure, and supportive environment where every child feels safe to grow.
- **Drive Academic Success:** Minimising disruptions so teachers can teach and children can focus fully on their progress.
- **Support Every Child:** Creating a safe, structured environment where all pupils—especially those who need extra support—feel cared for and ready to thrive.

Refining Our Expectations

Over the coming weeks, we will be refining our daily expectations to ensure we are consistently delivering the very best outcomes for your children. We appreciate your continued partnership in supporting these standards at home.

Thank you for working alongside us to make our school a safe, happy, and successful place for every child.
