Governors sought for Hallam Primary School

Dear Parents and Carers,

INOVA Multi-Academy Trust is currently seeking parent governors for Hallam Primary School. We are looking for parents who are motivated to make a difference in their local community.

At INOVA Multi-Academy Trust we believe that excellence in education comes from empowering schools to thrive as distinctive and community focused places. Our approach ensures that each school can maintain its individual identity while benefiting from shared goals, resources and collaboration across the Trust.

Hallam Primary School is seeking current parents to join its governing body - individuals with experience in areas like finance, education, business management, law and/or community support are sought to support and challenge the leadership team. We are keen to enrich the diversity of the governing body by recruiting parents of all races, ages, physical ability, gender, religion, and sexual orientation.

For organisations looking to develop their employees, governance experience is a great catalyst for leadership skills. All INOVA governors receive free training and gain valuable experience of working at governing board level, with the satisfaction of knowing that they are making a real difference to the lives of young people

All governors attend at least one full board per half term, which last approximately 2 hours each. They will also probably visit the academy occasionally outside of meetings, to keep in touch with managers and stakeholders in general.

If you are interested in receiving more information about becoming a governor, then please click on the link to submit your interest or send a short email to Andy Matthews at the address below. The deadline for this will be Friday 12th December.

Registration for Interest to become a Parent Governor – Please fill out the form using this link [Hallam Primary Parent Governor – Fill in form](#)

If you have any questions about the process then please contact: amatthews@taptontrust.org.uk.
