

Animal Club Visit to Y1

Friday 23rd October 2026

Actions for parents: voluntary contribution of £9 to be sent via ParentPay.

Dear Parents and Carers,

We are excited to let you know that **Animal Club** will be visiting school on **Monday 7th December** as part of our Year 1 Science learning. The workshop is designed to help children learn about different types of animals through exciting, hands-on experiences and close-up encounters with a variety of animals.

During the visit, the children will learn about animal groups, habitats, adaptations and how to care for animals. This will provide a memorable opportunity to bring our science learning to life.

To help cover the cost of this exciting experience, we are kindly asking for a voluntary contribution of **£9** per child. Contributions can be made via ParentPay by **Friday 4th December**.

If your child has any allergies, medical needs or concerns regarding contact with animals, please inform the school office as soon as possible if we are not already aware.

We are very much looking forward to what promises to be an engaging and enjoyable experience for all the children.

Thank you for your continued support.

Kind Regards,

The Year 1 Team
