Y6 Science
The Eye and Light

Dear Parents and Carers,

Actions for parents

- Please make your voluntary contribution via ParentPay no later than Friday 20th November.
- Please return permission slip to class teacher no later than Friday 20th November.

This half term in Science, our topic is 'Eyes and Light'. We have been invited to visit King Edward VII Upper School to participate in a Science lesson run by their Science team, which will help to consolidate our learning in this topic.

As the sessions take place in the afternoon, children will have an earlier lunch at school before we leave. We will then travel to King Edward VII Upper School using public transport to take part in the session.

Each class will attend on the following dates:

- **Dandelion - Wednesday 25th November**
- **Heather - Wednesday 2nd December**
- **Willow - Wednesday 9th December**

The cost of the visit, including the Science session and public transport, is **£2.50 per child**.

Children should come to school in their school uniform and wear comfortable shoes suitable for walking. We also recommend bringing a waterproof coat.

As we are travelling by public transport, there may be unforeseen delays. Therefore, we expect to return to school at approximately **4:15pm**. Please make arrangements to collect your child from school at this time.

If you have any questions regarding the visit, please contact your child's class teacher.

Thank you for your continued support.

Yours sincerely,

Year 6 Team
