Y6 Homework

Dear Parents and Carers,

Actions for parents

- Please make your voluntary contribution of £10 via ParentPay no later than 13th November for your child's CGP homework books

We are writing to let you know about our approach to homework in Year 6.

Feedback from previous cohorts has shown that homework is often one of the biggest changes children experience when moving to secondary school. We would therefore like to begin preparing our Year 6 children for this by introducing compulsory weekly homework.

Homework will be set every Friday and must be completed and submitted by the following Wednesday. We appreciate that many of our children attend clubs and other activities outside of school, so we will provide support for anyone who needs additional time to complete their work.

Weekly homework will focus on Maths, Reading and SPaG (Spelling, Punctuation and Grammar) and will use the CGP SATs Essential Study and Question Books. Children will receive four CGP books covering Maths and English, which they will keep at home.

Each Friday, the pages to be completed will be shared with the children. Children should complete the relevant pages in their CGP books and return them to school on the Wednesday.

The bundle of four books would normally cost approximately £23. However, by ordering through school, we are able to purchase the complete bundle for just £10. We would be grateful for a voluntary contributions towards the cost of the books, which can be made through ParentPay.

We will talk through the new homework expectations with the children in school so that they understand the routine and know what is expected of them each week.

This new approach to homework will begin as soon as the books have arrived.

We appreciate that Year 6 is a busy and important year for the children, and we hope that establishing a regular homework routine will help them to develop independence, organisation and good study habits in preparation for secondary school.

Thank you, as always, for your continued support. If you have any questions regarding Year 6 homework, please do not hesitate to contact us.

Best wishes,

The Year 6 Team
