

Our topic this half term: *The Four Nations*

Our books this half term: *Adventures of Paddington* by Michael Bond

Our enrichment this half term: *To visit a Christian church on the run up to Easter*

English	This half term in English, we will be using the book 'The Adventures of Paddington' by Michael Bond to write a story based on the genre of realistic fiction. Our SPaG learning will look at possessive apostrophes, prefixes, suffixes, apostrophes for contractions and self-corrections and how to fluently use these in our writings. This unit links nicely to our geography topic, exploring the UK and its geographical features.	(ABC)
Maths	In maths this half term, our learning will focus on money whilst also starting our topic on multiplication and division which explores multiplication and division (including our 2, 3, 5, 10 times-tables). We will continue to work practically using concrete methods and we will be reading questions and discussing them before answering them using our mathematical vocabulary.	$2+3=5$
Science	In science this term, the children will learn about Animals including humans with a focus on Life cycles and health, The children will identify and list the basic needs for survival for humans and animals and explain the three things (air, water, food) animals need to survive.	
PSHE/RSE	In PSHE this half term, we will start our unit 'Healthy Me' The children will learn what their body needs to stay healthy, what relaxed means and what makes them feel relaxed/stressed. Linking to our Science topic, we will understand why healthy snacks are good for you and learn how to make some healthy snacks.	
RE	This half term, we will be answering the question "How important is it to Christians that Jesus came back to life after His crucifixion?" We will be focusing on the Easter story and exploring the concept of resurrection and salvation. This will lead into our visit to the local church for the Easter service.	
PE	In P.E this half term, we will be continuing with our fundamental Skills and we will be learning how to kick and receive objects with increased accuracy and control.	
Music	In music, we will be exploring the topic 'seasons'. The children will develop understanding of pitch through movement, songs and listening games. We will also read the book "How to build an Orchestra"	
Art	This half term, we will become mono-printers. We will explore mono- printing using paint and transfers, and looking at drawing stills of objects and landscapes to then experiment mono-printing and fine-lining for detail.	
Geography	In geography this half term, we will be looking at the UK and its geographical features. We will create our own sketch map to follow around our local area, where we will explore the British habitats and wildlife.	
Computing	In computing this half term, we will be exploring parts of a computer (Mouse, Keyboard, Wires, Screen), recognise how technology is controlled and the role of computers. The children will then create their own design for an invention.
