Our topic this half term: Climate Change

Our book this half term: Clockwork by Phillip Pullman

English	In our English this half term we will be focussing on the story of Clockwork by Phllip Pullman, where we will be writing letters, designing their own fairy tale creatures and writing stories based on Fairy Tales.	
Maths	In our Math's this half term we will first be looking at Multiplication and Division following the White Rose Math's scheme of work. The children will focus on; Multiples, common multiples, factors, common factors, prime numbers, square numbers, cube numbers, multiply by 10, 100 and 1,000, divide by 10, 100 and 1,000 and multiples of 10, 100 and 1,000. We will then turn our focus to fractions, looking at finding fractions equivalent to a non-unit fraction, identifying equivalent fractions, Convert fractions, comparing fractions and adding and subtracting fractions	
Science	In our Science this half term we will be focusing on properties and changes. We will be exploring transparency, strength and conductivity of materials. We will then be demonstrating and observing reversible and irreversible changes. We will complete a range of experiments and work scientifically throughout.	
PSHE/RSE	In our PSHE/RSE lessons this half term we will be looking at "Healthy Me". We will be discussing how to keep our bodies healthy. We will discuss smoking, alcohol and a healthy diet. We will also discuss body image, and how to respect other people and ourselves.	
RE	In our RE this half term, we will be asking the big question "Is the Christmas story true?" The children will be looking at different accounts of the Christmas story and discussing the differences between them. The children will also be looking at what types of truths there are and how they differ and be explaining which one is the most reliable and why.	
PE	This term we will continue with our swimming lessons and we will be looking at Gymnastics, this will involve; performing partner balances, creating a simple sequence of matched and mirrored partner balances, perform a range of counter-balance actions with a partner, know the difference between counter balance and counter tension, create a gymnastic sequence with counter balances and counter tension with a partner and create a gymnastic sequence with counter balances and counter tension with a partner.	
French	In our French this half term, we will be learning about Christmas in France and also learning about the dates, including important event and out birthdays!	
Computing	In Computing, we will be learning about data handling with a focus on the Mars Rover. We will be discussing how and why data is collected from space. We will also be learning about binary code this term.	
Geography	This term in our Geography we will be focused on looking at what is important to us in terms of our local environment. We will then look at how the countries in the world work together, to tackle issues which are important to us on a global scale. We will then create a survey to ask those in Hambleton what issues are concerning them and in class discuss how to tackle these issues after conducting some fieldwork.	
Art	This term in Art we will be learning all about typography. We will be designing our own typography and putting messages in maps in our art.	

Our enrichment this half term:

Pantomime trip with school, Carol Service, Forest School and a trip to the Imperial War Museum in Manchester.
