FOR PARENTS OF CLOSE CONTACTS OF COVID 19 AT HAMILTON ACADEMY

Advice for Child to Self-Isolate for 10 Days

Dear Parent/Carer,

We have been made aware that we have a confirmed Lateral Flow Test positive case of coronavirus (COVID-19) at Hamilton Academy within our Year 2 bubble. We are awaiting the results of the PCR test and will update you further when this has been received.

We have followed the national guidance and have identified that your child has been in close contact with the affected person. In line with the national guidance, if the PCR test is positive, **your child must stay at home and self-isolate until midnight on Saturday 26th June, 2021** (10 days after contact). **Whilst we are waiting for the results of this PCR test, your child MUST self-isolate.**

If your child is well at the end of the 10 days period of self-isolation, then they can return to usual activities.

Please be reassured that we continue to follow our risk assessment which reflects the government guidelines closely. This includes ensuring that enhanced cleaning continues together with strict hygiene measures for both staff and children.

Class teachers will set work daily via the portfolio on Class Dojo for the period of self-isolation (until Friday 25th June, 2021). There is an expectation that ALL CHILDREN **MUST** COMPLETE THE HOME LEARNING SET. Paper packs can be provided upon request *if you do not have access to a device.*

Other members of your household can continue normal activities provided your child does not develop symptoms within the 10 day self-isolation period.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person.

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should remain at home for 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

People who do not have symptoms should not request a test unless this has been specifically requested by Public Health England or the local authority.

All other household members who remain well must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

The 10-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community.

If you are able can, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

'Every child deserves to be the best they can be'

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further Information

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

Yours sincerely
