

Which birds and plants would Peter Rabbit find in our park?

Key Vocabulary:

Autumn	The time of year between September and November. Many leaves fall off the trees.
Spring	The time of year between March and May. There is usually lots of signs of new growth in Spring.
Summer	The hottest season in the UK. It happens between June and August. The longest day is June 21 st .
Winter	The coldest season in the UK. We can have snow in this season. It occurs between December and February.
thermometer	This is the instrument that measures the temperature.

Sticky Knowledge facts:

- In the UK we have four seasons: spring, summer, autumn and winter. Summer is the hottest season and winter the coldest.
- Spring starts when the day and night are the same length (usually 21st March. However, many say that Spring starts on March 1st).
- In summer the longest day of the year is around June 21st and in winter the shortest day of the year is usually December 21st.
- When we have our summer it is winter in the southern hemisphere. When we have our winter Australia has its summer.
- Seasons change throughout the year because of the way the Earth travels around the Sun.
