Hamilton School

Striving to be a great school where people work together to transform lives

Welcome to Hamilton School.

We want our students to achieve their 'personal bests' in all areas. A close partnership between home and school will help to do this.

This home-school agreement is a written commitment by teachers, parents, carers and students which makes clear what is expected by all in order to ensure that children have the best possible education.

We hope that it will help parents and carers take an active role in their child's education at Hamilton School.

It is very simple and clear in terms of what we ask but there are lots of actions that support the main ideas.

There is no legal obligation for parents to sign the agreement but we would very much like you to do so.

Jon Harris
Headteacher

School Commitment

Hamilton School will:

Strive to do all of the things that can be seen in the statement of our values, "What We Stand For".

Student Commitment

I will:

Do my best at school.

Parent / Carer Commitment

We will:

Do the best we can for our children and work in partnership with school.

What We Stand For

Providing opportunities that develop a range of social skills, including hobbies and interests, in order to enhance the lives of students and their families.

An inspirational curriculum that provides a stimulating, relevant and real life set of experiences and leads to high levels of engagement.

A calm, positive and structured environment that enables students to feel safe and achieve their 'personal bests' across the school.

A high level of commitment and attention to detail leads to performance levels being very high at all times throughout the school.

A culture where everyone is supported and challenged and treated with dignity and respect.

Happiness amongst students and staff improves the quality of learning.

An innovative and forward thinking philosophy that nurtures individual talents and skills with a focus on the longer term prospects for our students.

A spirit of 'togetherness' makes Hamilton a magical and inspiring place to be a student or a member of staff.

Staff have a positive mind set and an energy and creativity that enables them to make a positive difference to the lives of students and families.

Partnerships with families, and others, that develop a consistency of approaches and enhance opportunities and well-being for students and families.

A philosophy that puts learning, personal well-being and the building of positive self-esteem at the centre of what we do.

An active approach in the local community which enriches the lives of the students.
