

Home Learning – KS1 Autumn 2

Pick your adventure! Choose one, try a few, or invent an idea of your own. These activities are optional and are all about exploring, creating and enjoying learning together.

Tell us about YOU! Write an information page about yourself, your family, your interests or our school. You could include facts, a heading, labels and a picture.

Bring in: your information page or mini-book.

Create a picture of your school, street or village. Draw, paint or collage a place that is special to you. Include details such as buildings, trees, roads, signs or people.

Bring in: your finished artwork, with a title.

Become a Hanslope (or your local area) expert! Find out about one place in your area, such as a school, church, shop, park or another local landmark. What is it used for? Why is it important?

Use photos, books or a walk with an adult to find out more.

Bring in: a short fact file, poster or labelled picture.

Build a moving vehicle. Use junk modelling, cardboard, boxes or other recycled materials to make a car, bus, van or another vehicle that could travel around Hanslope. Think about how you will attach the wheels and axles.

Bring in: your model vehicle and a label or drawing showing how its wheels work.

OUR BIG QUESTION

What makes our school, street and village special?

What are things made from? With an adult, look for everyday objects at home. Choose a few and identify their materials: wood, plastic, metal, glass, fabric or paper. Compare how they feel and discuss why each material is suitable.

Bring in: your investigation, drawings or a table showing the objects, materials and their properties.

Explore our local area! On a walk with an adult, look for human features (things people have made) and physical features (things from nature). Can you spot a road, house, shop, school, tree or stream?

Bring in: a simple map or drawing with some features labelled.

Same and different! Compare two places in Hanslope (or your local area), such as your street and the school, or the park and the shops. What is the same? What is different? How do people use each place?

Bring in: a comparison chart, mini-book, labelled picture or a few sentences.

Surprise us! Invent your own way to explore our big question. You could make a map with a key, create a route with directions, design a road-safety game, make a material sorting game or invent another idea linked to our school, street and village.

Bring in: your finished creation, ready for our Home Learning Gallery.

BRING YOUR HOME LEARNING IN

Please return your home learning during the week commencing:
Monday 7th December.

HOME LEARNING GALLERY

The Home Learning Gallery will take place on **Wednesday 9th December** straight after school.
We look forward to celebrating the children's creativity and learning together.
