

SCIENCE

(CHILDREN WILL ALSO STUDY DIFFERENT SCIENTISTS THROUGHOUT THE YEAR)

Science	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Year 1	Our Bodies/Senses	Seasons	Materials	Animal classification	Plant Growth	Scientist: Mary Anning
Year 2	Everyday materials - properties and uses.	Everyday materials - changing and testing.	Living things and their habitats lifecycles and habitats.	Living things and their habitats- microhabitats, interdependence and food chains	Plants	Staying healthy. Scientist: Florence Nightingale
Year 3	Animals including humans: Skeletons and Muscles Scientist: Marie Curie	Rocks and Soils	Forces and Magnets	Working Scientifically	Light Scientist: Percy Shaw	Plants and their lifecycle
Year 4	Working Scientifically	States of Matter	Electricity Scientist: Thomas Edison	Living Things and their Habitats Scientist: Jacques Cousteau	Sound	Animals including humans: Healthy Eating, Teeth and Digestion
Year 5	Living things and their life cycles Scientist: David Attenborough	Animals (including humans) development to old age	Properties and change of materials	Earth and Space Scientist: Maggie Aderin Pocock	Forces	Investigation focus /Working Scientifically
Year 6	Living things and their habitat	Working scientifically	Animals including humans Scientist: William Harvey	Evolution and Inheritance	Electricity Scientist: Nikola Tesla	Light
