

Hardwick Green Primary Academy

Personal Development Curriculum

2026-27

Personal Development at Hardwick Green:

Our curriculum extends far beyond the academic, to allow pupils to develop in many diverse aspects of life. This is encapsulated in our Personal Development Curriculum.

We aim to ensure that, over their time at Hardwick Green, learners receive a Personal Development programme that gives them the knowledge that they need to make decisions, to strengthen them personally and to allow them to develop their character and personality. We provide these rich experiences in a coherently planned way, in the curriculum and through extra-curricular activities.

At Hardwick Green, there are four key drivers that underpin our Personal Development approach:

- Healthy & safe behaviours
- Awareness of the world
- Character development
- British Values

Healthy & safe behaviours include our PSHE curriculum, Relationship Education, Sex Education, Physical Health, Mental Wellbeing and Wider Aspects of Safety.

Awareness of the world includes Economic Understanding, Understanding Media and Technology and Spiritual, Moral, Social and Cultural development.

Character development includes development of children's own character and personality, our RESPECT values framework, children's behaviour and wider opportunities for children to engage with.

British Values includes *Democracy, Rule of Law, Respect & Tolerance and Individual Liberty*.

Personal Development Curriculum Overview:

Some areas of our personal development approach are taught through subjects with their own curriculum, e.g. our PSHE curriculum, or the online safety strand of our Computing curriculum. Other aspects are taught discretely. The following table illustrates which aspects are taught through which approach.
