SCHOOL DAY 2023-24

Dear parents, carers and family

I am writing to provide clarification around school times for September. We used a 'soft start' to the day where children arrive over a period of time during the pandemic. However now the time is right to go back to a set start time so that no time at the start of the day is wasted.

- **School start time is 8:40am. Children should be in school for 8:40am.**
- The classroom doors will **close at 8:50am** and then the **register will be taken at 8:50am.**
- **Anyone arriving after 8:50am will NOT be let in via the classroom doors and will have to go around to the main entrance to enter school.** They will be classed as late and will see an L code on their register in MCAS.

Breakfast Club will continue to run for FREE from 8:00am. Entry is via the main school playground and doors are open for entry until 8:15am.

There will also be a wide range of after-school clubs every night from September; I will send details of these during the first week back. This will all continue to be for FREE.

Due to ever-increasing costs, there is a new free structure for wrap around care so that we can ensure it is financially viable for us:

- 3:20pm until 4:30pm - £2 per child
- 3:20pm until 5:30pm - £7.50 per child

Please ensure that you book wrap around care by 12 noon on the day you need it to ensure we can provide the right level of staffing.

Thank you for your support.
