- SEND Team –Tel 01642 677968
- Principal – Ms Kate Davies
- SENDCO – Mrs White

Children and Young People

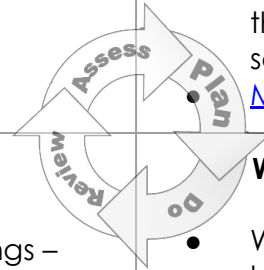

Big plans for the young people of our Borough

Assessing your child's needs

- Class teacher, parents/carers may highlight concerns about a child.
- Parents should speak directly to the class teacher if they think their child has some difficulties within school.
- When a concern has been highlighted the SENDCO will arrange a meeting with parents to discuss the next steps
- We will take advice and recommendations from other agencies to ensure the support delivered is appropriate for the child's needs
- [More information](#)

Involving Pupils and Parents in planning support

- Individual pupil / teacher conversations – discussing their thoughts
 - Parents involved in the planning process – we will listen to you – what areas do you feel your child may need support
 - Individual achievable targets will be set for each pupil - these will be shared with the staff working with your child
 - Children identified will be assessed to identify their need and correct provision planned and set in place
- [More information](#)

Measuring the success

- We will have termly planning and review meetings – including parents and class teacher also with SENDCO if necessary
- Children will be assessed prior to any support given and then when finished.
- We use a SEND Tool assessment program to measure the progress and attainment stages.
- We will use the school SEND policy as a guidance
- [More information](#)

What will we do next?

- We have an in-school learning support staff who have access to a variety of SEND resources and quiet areas.
 - Where needed we plan a highly differentiated curriculum to meet a variety of diverse needs.
 - Every class has a full time teaching assistant to support the teaching of the children.
 - Class teacher, SENDCO and other professionals will offer advice on how to support your child's learning at home
 - Referral to other professionals and agencies if needs are appropriate
- [More information](#)

Identifying and Assessing

the class teacher is responsible for checking on the progress of all of the children within their class. The SENDCO will be informed of any concerns and will then inform parents immediately .

Class teachers will plan and deliver any additional help a child may need

T

he class teacher will ensure all staff working with your child know their learning programme and are able to deliver it.

Additional Information;

If you have a queries or concerns, or you wish to complain about our procedures please contact;
Kate Davies, Principal ; Tel. 01642 677968.

Stockton has a Parent Partnership adviser who will also be willing to help with any issues relating to SEND her name is, Caroline Fell; Tel. 01642 527158

The most recent SEN Code of Practice can be found [here](#). If you would like a paper copy please let us know.

Additional support our school offers children with SEND

We are an inclusive school and have high expectations of all of our children. We strive to support all children to enable them to make the best possible progress and achieve well.

We offer a broad and balanced curriculum with high quality teaching.

We provide effective support for children with special educational needs and disabilities, starting from our first contacts with parents and carers when a child enters our school.

We offer a variety of support – Each class has a full time teaching assistant enabling teachers to plan and deliver additional support . We also have additional staff who support with SEND in class and during unstructured times.

Children have access to small group work focusing on different curriculum areas.

The SEND team work with individual children to build their confidence and self esteem.

Every teacher will plan a varied curriculum ensuring appropriate differentiation for all abilities within the classroom.

All children with identified SEND will have a SEND, intervention cycle completed with clearly identified desired outcomes and appropriate curriculum recommendations.

Children who have been identified with cognition and learning needs have additional teaching support through specific interventions, working within small groups.

All Teaching Assistants work within the classrooms during the morning sessions to support and ensure detailed differentiation is set in place to meet the needs of all identified children.

Any questions or concerns you may have please contact:

Ms Davies - Principal

Mrs White – SENDCO

Mr Peter Dale – SEND Governor

Continued Professional Development

Staff have access to a wide range of training to ensure that we can meet the needs of individual children within their class. Most recently all staff attend a training day focusing on developing robust intervention pathways and cycles led by the trust.

Additional training is planned throughout the academic year 2018/19.

All staff attended Attachment Training in Summer 2016

All staff attend a termly SEND meeting to discuss training needs,

Communication with Parents

All parents / carers with children who are on the SEND register will be regularly updated by teachers and/or SENDCO. They will be involved in the termly planning and review of intervention cycles.

Class teachers will keep parents informed through conversation at the end of a school day. Where a child has a communication difficulty we will endeavour to ensure parents are aware of daily routines through the use of a home / school book.

Parents evening are held termly and the class teacher's will update parents on their child's progress and learning targets during parents evening.

The SENDCO will be available during parent evening sessions.

All children are assessed prior to any intervention or support is given and then again at the end to monitor the progress made.

If a child has not made the expected progress we will seek out the advice from other specialist agencies ie Educational Psychologist, Speech and Language Therapist, CaMHS etc..

Provision; Communication and Interaction

- Access to small group and/or individualised interventions to develop skills in communication, interaction, emotional awareness, self care, flexible thinking
