

# Eagle Class

## News

Spring term has come to an end for Eagle! It has been a whirlwind of learning, achievement and new experiences. Our students have been fantastic (as usual!) this term and our enterprise work has been a huge hit. We have delivered different sales and made good profits which will be going towards our Prom. Other areas of learning have been our work with NCS, always looking to be industrious and think creatively. One project has been a weekly occurrence with design and technology projects. Students turned themselves into literacy and numeracy detectives for World Book Week and we finished the term on our class trip to Broxsted Farm which allowed students to explore how a working farm operates, and the opportunity to see how food goes from farm to plate.

## Literacy and Communication (Personal learning targets)

In our English lessons, Eagle students have completed two schemes of work, dealing with complaints and their formal speaking and listening presentations. In personal learning targets, students have started to progress onto their new targets and continue to apply their independent learning skills.

## Maths

Eagle students have continued to work towards their Functional Skills Entry Levels in Maths, Having completely covered the syllabus (using numbers and the number system, common measures, shape and space, and handling information and data) we have begun our consolidation and revision work.

## ASDAN

This term students have continued to work towards their ASDAN qualification Personal and Social Development for this academic year. In CA (Community Action) students have undertaken a letter writing campaign requesting more opportunities locally for work experience and asking the local MP to provide more affordable housing in, and around, Harlow. Eagle students have been (largely) enthusiastic litter pickers and gardeners and have undertaken lesson support in a selection of Lower School classes.

## Work Experience

It has been a busy work experience for Eagle this term. Students have attended Cineworld, and in class students have been working on their community ASDAN projects.

## Upcoming Events

**Bank holiday 21<sup>st</sup> May**  
**Wizeup workshop 24<sup>th</sup> May**  
**Bank Holiday 5<sup>th</sup> May**
