

# Autumn Term

## Roman Class

### Class Welcome

Welcome to Roman Class's first newsletter. We have had a very busy term and have lots of fun exploring the environments in school including our new classrooms! This term our topic has been feelings, and we have enjoyed exploring our feelings through our work and playtimes. We have had some lovely experiences this year, including visiting the pantomime and taking part in our first 'come learn with me afternoon.

### Communication and interaction

Our communication and interaction lessons have consisted of our sensory story, reading and phonics lessons. We have continued to explore our feelings during our sensory story reading 3 different sensory stories! In our phonics lessons we have been exploring sounds in the environment and letter sounds.

## Cognition and Learning

Our communication and learning lessons have consisted of maths, music, sensology, ICT and attention autism. In maths we have been learning about shape and finding different ways to explore them. In ICT we have been exploring cause and effect. We have had fun learning that if we press that start button, our favourite song will play.

## Independence, social and emotional development

Our Independence, social and emotional development lessons have consisted of personal health, food tech and community visits. We have been working on our personal hygiene, including teeth brushing and hand washing in our personal health lessons. In food tech we have enjoyed making a variety of foods this term, including jam tarts, pasta salad, sandwiches, pita pizza and omelettes.

## Physical and Sensory

Our physical and sensory lessons this term have consisted of PE, swimming, art, reflexology and messy play as well as exploring our sensory spaces – soft play, sensory room and sensory circuit.
